STIMSON NOMINEE AT SARATOGA, N. Y.

Nominated for Governor Over Bennett at Republican Convention.

ANOTHER VICTORY FOR TEDDY

Other Nominees of State Ticket—Edward Schoeneck For Lieutenant Governor—Eventful Day in Convention.

Saratoga, N. Y., Sept. 28.—The Republican State Convention this evening nominated Henry L. Stimson of New York, as its candidate for Governor. The nomination of Mr. Stimson was one more victory for Colonel Theodore Roosevelt, who personally led the fight for the nomination of his candidate, completing the unbroken series of triumphs from the moment the convention was called to order yesterday afternoon until its final adjournment.

The remainder of the State ticket follows:
Schoeneck.

For Secretary of State—Samuel S. Koenig (re-nominated.)

For State Comptroller—James Thompson.

For State Treasurer—Thomas Fennell.

For State Engineer—Frank M. Williams (re-nominated.)

For Attorney General—Edward R. O'Malley (re-nominated.)

For Associate Judge of the Court of Appeals—Irving G. Vann (re-nominated.)

The vote for Governor stood as follows:

Henry L. Stimson 684; William S. Bennett, of New York, 242; Thomas B. Dunn of Rochester 38; James B. McEwan, of Albany 28. Scattering 28.

The slate as made up this morning by Col. Roosevelt, Senator Root and their advisors went through without a hitch. With the exception of the nominations for Governor and Comptroller there were no contests.

Representative Bennett, who has been conducting the only open campaign for the nomination for Governor, kept up the fight to the end and his persistency and his strength with the New York delegation threatened this afternoon to break the slate.

It is understood that Col. Roosevelt will stump the State for the ticket. He is reported to have said today that he would.

At the close of the convention James S. Wadsworth, Jr., Speaker of the Assembly for five years, announced his withdrawal from the Legislature. He said this determination was reached some time ago and was due entirely to his personal views, as to the length of time a member of Assembly should hold that important and difficult office.

Mr. Wadsworth would not say that his retirement was due to the victory of the progressives in the convention.

The close of the convention found the Roosevelt forces in complete mastery of the situation. Following the first rout of the organization came Col. Roosevelt's dramatic and successful battle for the adoption of the platform of the progressives, and his final victory in the nomination of Mr. Stimson. By the time the vote was taken the strength of the organization had been dissipated badly. Having no candidate for whom to make a determined fight, the organization threw the bulk of its vote to Mr. Bennet.

Just before the convention adjourned the new State committee was announced. The list contained several new names and it was assumed that the progressives would have control, turning over to the Roosevelt forces the party machinery of the State. Chairman Timothy L. Woodruff, who failed of re-election in his own district, was elected from the second district. The election of a chairman from the progressives in place of Mr. Woodruff is expected.

Mr. Bennet's persistent campaign for the nomination of governor led to a second conference after the slate had been agreed upon this morning. The convention was adjourned in the middle of the afternoon and the leaders canvassed the field once more in the idea that they might decide upon an up-State man who would receive the united vote of the New York delegation. Col. Roosevelt asked Mr. Bennet to withdraw, but the Congressman refused to do so.

Col. Roosevelt and Senator Root, the main figures in the conference, decided to stand by their slate, and the colonel agreed to make the nominating speech, in place of Otto T. Bannard, of New York, who had been selected originally.

Kingsbury Foster nominated Mr. Bennet and after the nomination had been seconded, Roosevelt went to the platform to make his last speech of the convention. He began by saying that he had held Mr. Bennet in high regard, but that he believed Mr. Stimson to be the proper nominee. He told of what Mr. Stimson has done as a prosecutor of the sugar trust and as he finished his speech the delegates stood up and cheered.

In response to reports that he had been in communication with William

KILLED BY AN AUTOMOBILE

Farmer Run Down by Unknown Driver—Cooley and Cooley—Wilmington Cases in the Supreme Court.

(Special Star Telegram.)

Raleigh, N. C., Sept. 28.—Alfred Stevens, of Johnson county, here yesterday to sell a load of cotton seed, met with a fatal accident near Garner, as he was returning home. An automobile passed and frightened his mules so that they ran two miles, causing Mr. Stevens to fall forward under the running gear, being caught so that he was dragged a long distance.

When rescued he was unconscious and died before medical aid could reach him. There seems to be no clue to the automobile and its driver. The machine was running towards Raleigh.

A conference today between Congressman E. W. Pou and his independent opponent for Congress, Hon. R. A. P. Cooley, who also has the Republican endorsement as their candidate in the fourth district resulted in the arrangement of the following itinerary for the joint canvass: Siler City, Monday, October 10th; Pittsboro, October 11th; Henderson, 12th; Louisburg, 14th; Spring Hope, 15th; Smithfield, October 24th; Kenly, 26th; the canvass closing at Raleigh, Thursday, October 27th at night. The general expectation is for some lively encounters as this canvass progresses.

The North Carolina Supreme Court is hearing Fifth district trials this week and one of the most notable is that of the State vs. Joe Stevens, who quarreled with a fellow collector, Ernest Shields, killed him and was convicted of second degree murder. In the argument before the Supreme Court Attorney General Bickett admitted the exception on the part of the counsel for the defense that the trial judge frequently during the trial expressed an opinion prejudicial to the prisoner. As to other issues involved and as to whether the action of the trial judge was improper the court took the case under advisement for future ruling.

Another notable case was State vs. Winner, from Wilmington, in which the defendant has been convicted for selling whiskey when the "modus operandi" was when an approved citizen entered a certain compartment of Winner's near-beer saloon a dumb waiter would descend bearing an inscription "25 cents." The caller would drop his coin on the boards of the waiter and the latter would descend, reappearing quickly with a bottle of whiskey. The defense was that this proved no person guilty of any sale. However Attorney General Bickett set up the contention that the sale was as much proven on the proprietor, Winner, as if he kept a slot machine in his place into which coin could be dropped and the whiskey extracted.

It is stated at Rex Hospital that Mrs. Sue Lewis, who was struck yesterday evening by a street car, as she was attempting in a confused way to cross the Fayetteville street double tracks, would recover. She jumped from in front of the street sprinkler car only to be run down by the Hillsboro street car that was passing on the adjacent tracks. She was caught upon the fender, else she would have been mangled under the car wheels.

Chairman Franklin McNeill, of the North Carolina Corporation Commission, has returned from Washington where he attended the conference of the Interstate Commission and traffic managers of the Norfolk & Southern on the question of putting in operation the order of the Interstate Commission for the reduced freight rates via the N. & W. to Winston-Salem and Durham. However no agreement could be reached, Chairman McNeill insisting that the through rates involved should be decreased so that they would not more than equal the combination of the local rates spanned. The order for reduced rates involves all classes 1 to 6 and A to P as to Winstom-Salem and classes 1 to 6 only as to Durham from Cincinnati. The concessions were gained through complaint that the Durham and Winston-Salem terminals of the N. & W. were being discriminated against as compared with rates given by the N. & W. to Virginia cities. The suspension of the operation of the order is to November 18th, with a ruling yet to be made as to the matters involved in the recent conference.

CHICAGOANS CHARMED.

Walter Brookins Makes Novel Flight Over Busy Illinois City.

Chicago, Sept. 28.—Chicagoans were treated to another novelty in aviation today, when they saw an aeroplane flight in Grant Park by Walter Brookins, accompanied by a newspaper reporter as a pasenger. Brookins made four flights today for the delectation of Chicago.

In the flight late today with a passenger, he soared above the city's lake front and out over Lake Michigan, swung about over the edge of the skyscrapers and brought his Wright biplane to earth easily. He made a sixth flight just before dark today.

During the first flight today, Roy Smith, watching from the top of a skyscraper chimney, lost his footing and plunged down into a heap of soot within the chimney. There he was discovered by firemen, who dug through the brick. He was only bruised and scratched.

TELLS COMMITTEE OF LORIMER VOTE

State Senator Testifies He Was Paid $2,500 Because of His Vote.

THE GRAFT MONEY CAME EASY

State Senator Holstlaw Chief Witness Before Committee.—Incidents Leading up to Alleged Bribery.

Chicago, Sept. 28.—State Senator D. W. Holstlaw, of Iuka, Ills., one of the 53 Democrats who helped elect William Lorimer, United States Senator, took the witness stand today before the Lorimer Investigating Committee and testified that after he had voted for Lorimer he received $2,500, and that he "supposed the money was paid because of his vote."

Senator Holtslaw, who until recently was a banker in his home town, and had some prominence in the Baptist denomination, was the second witness to be heard by the convention and the second legislator to tell the committee that money was paid because of a vote for the junior Senator from Illinois.

"The night before the election of Senator Lorimer," said Holstlaw, "I met State Senator John Boderick outside of the St. Nicholas Hotel in Springfield and he said to me, 'they are going to elect Lorimer tomorrow.' I replied: 'Yes, I think so, and I am going to vote for him.' He replied 'Well, there is $2,500 in it for you.' That was all there was said. I intended to vote for Lorimer anyway and had made up my mind three or four days before that, and I did not know there was a thing in it for me."

"Were you offered anything?" was asked, and the witness replied:

"He did not offer me anything and simply said 'there was $2,500 in it for me.'"

"Did you get the $2,500?"

"Yes; I went to Chicago about June 16, 1909, to Senator Broderick's office, and he gave me $2,500, which he counted out of an envelope. He only said 'Here is that money.' I said nothing to him beyond greeting him when I met him."

On further examination Senator Holstlaw said that he supposed the money was paid for his vote for Lorimer.

Senator James B. Frazier, Democrat, of Tennessee, who joined his colleagues on the committee today, questioned the witness. Holstlaw said that State Senator Broderick was the first man to speak to him regarding voting for Senator Lorimer; that he met Broderick by accident the night before the election of Senator Lorimer and had the conversation relative to the $2,500.

"I had made up my mind to vote for Senator Lorimer before that, and had told others that I would vote for Lorimer."

"Did you ask what the $2,500 was for, or who was paying it?" queried Senator Frazier.

"No sir, I asked nothing."

Another payment of $700 supposed to be a part of the so-called "jackpot," was told of by the witness.

Asked by Senator Johnston what induced him to vote for Senator Lorimer the witness said:

"We had tried so long to elect a Democrat and could not I thought electing Lorimer would make the breach wider in the Republican ranks. I naturally liked Lorimer and just made up my mind to vote for him."

The hearing will be resumed tomorrow.

BAPTIST OPPOSE LESSONS.

Baptist May Break Away From Sunday School Series.

Nashville, Sept. 28.—Leading men of the Baptist denomination, representing practically every Southern State, met here this morning to decide a matter which will interest the entire religious world.

These men constitute a lesson committee, appointed at the Southern Baptist convention recently in session at Baltimore and their action will doubtless mean the first breaking away from the International Sunday school lessons in use by practically all of the leading denominations since 1872.

It has been known for some time that the Baptists are not entirely in accord with the other denominations on three questions of these lessons. The dissatisfaction reached a climax recently when a Baptist member was removed from the International lesson committee.

OPPOSE LOWERING RATES.

Winnfield, La., Board Says Reductions Would Do Harm.

Baton Rouge, Sept. 28.—An unusual petition claiming that the lowering of freight rates on timber would be inimical to the conservation of forests in Louisiana has been filed with the railroad commission here.

The petition comes from the Winnfield, La., Board of Trade and makes a vigorous protest against any reduction of freight rates on timber or lumber in Louisiana.

"Any lowering of such rates", the petition says, "will encourage the cutting of timber and therefore militate against the conservation of the forests of the State."

CHOLERA EPIDEMIC IN NAPLES

Fifteen New Cases and Nine Deaths in Province Yesterday—Strangers Attacked by Mob—Disease Spreading.

Rome, Sept. 28.—The official report issued tonight states that during the past 24 hours 15 new cases of Asiatic cholera have appeared in the city of Naples with nine deaths, four new cases and one death in the province of Naples outside the city, and three new cases and one death in the province of Bari. These figures do not include the so-called cases of gastro-eneritis.

A dispatch from Naples says that two strangers seeking lougings in a poor quarter today aroused the suspicion of the residents, who cried out that they were spreading the cholera. The strangers were attacked by the mob, when they attempted to give candy to some children, with cries of "death to the poisoners," and were very severely injured before the police could come to their rescue.

THE LUTHERAN SEMINARY.

Opened Yesterday at Charleston, S. C. —Enrollment.

Charleston S. C., Sept. 28.—The opening exercises of the Lutheran Theological Seminary at Mount Pleasant took place today with a large enrollment of students many visitors and a generally interesting program, including an address by the Rev. Dr. C. Armand Miller, pastor of St. John's Lutheran Church.

While a number of students have been enrolled, Rev. Dr. A. G. Voigt, the dean, expects additional arrivals, and the next week will further increase the number of young men who are taking the theological course at the Mouth Pleasant institution.

The exercises today are probably the last to be held of the kind, as probably when the opening of another term arrives, the new seminary at Columbia will be ready to receive the faculty and students.

THE WORLD'S SERIES.

Between Cubs and Athletics Starts Saturday, Oct. 15th.

Cleveland, Ohio, Sept. 28.—The world's series between the Cubs and the Athletics may start on Saturday, October 15th, according to an announcement made by Secretary Robt. McRoy, of the American League, tonight. That is, however if President Murphy, of the Cubs will wind up his season with St. Louis on October 13th as he stated yesterday in Chicago, was possible. Otherwise the series will not start until October 17.

A meeting of the National commission will probably be held Monday when this matter will be settled.

McRoy's visit here was to sign up Outfielder Speaker and First-Baseman Stahl of Boston, as members of the all-star American League team which will meet the Athletics in a five game series, starting October 10. This series will be played providing the world's series does not start until the 17th.

MORAN WINS THE BOUT.

Defeated Moore Before National Athletic Club.

Philadelphia, Sept. 28.—Pal Moore, of this city, was beaten by Owen Moran, of England, in a six-round bout before the National Athletic Club tonight, notwithstanding that the local tar almost put the Englishman out in the third round with a vicious punch which landed low and which sent Moran to his knees from the terrible agony.

Moran had the advantage in every round except the first and the second, which were even. He did nearly all the leading and forced the flight. His blows had more steam behind them than those delivered by Moore.

Neither boy showed any serious marks of the battle, Moore having swollen lips and Moran a swollen eye as they emerged from the ring.

The fight was at catch weights and there was very little difference in their weights.

TAFT COMMENDS CATHOLIC CHARITY

Featured Most Successful Convention of its Kind Held in America.

MOVEMENT TO PROTECT GIRLS

Committees Will be Appointed in Every City in United States—Message Sent Pope Pius—The Closing Features.

Washington, Sept. 28.—What is considered to be the most successful convention of its kind ever held under the auspices of the Catholic Church in America came to an end today when President Taft commended the efforts of the 300 delegates to the first annual conference of Catholic Charities, and wished them success in their Nation-wide movement.

Following the closing session of the conference the delegates went to the East room of the White House and listened with interest to the laudatory remarks of the President.

Just before adjournment the conference sent the following cablegram to Pope Pius X.:

"The National conference of Catholic Charities, convened in the Catholic University of America, for the assistance of our poor brethren, begs your apostolic blessing on their labors."

One of the most important actions of the conference was a decision to appoint a committee in every city in the United States which will form a network over the country for the protection of girls. These committees will be composed of representatives of all Catholic women charity organizations in each city, will work together and constantly keep in touch with the National conference of Catholic Charities. The committees will draw up a plan of study in order to discover the local conditions in each city; construct a general plan of preventive work; cooperate with other agencies working along similar lines, and will develop a policy designed to meet the problem effectively.

The conference decided further to develop St. Elizabeth's Union, which is composed of Catholic women's societies, and which was organized at a canvention of the St. Vincent de Paul society at Richmond two years ago. Right Rev. Mgr. D. J. McMahon, of New York City, and Rev. Dr. William J. Kerby, of the Catholic University of America, were appointed a committee for this purpose. The Union will form a section of the National conference of Charities and the committee will consider the question of changing its name to the Federation of Catholic Women's Societies.

The closing session of the conference discussed the question of "delinquency." Judge Michael F. Girten, of the municipal court of Chicago, cited home conditions, environment, income and drunkenness as some of the sources of delinquency, and advised the boycott of the merchant prince who does not pay his employes a fair wage and the manufacturer who profits by underpaid labor.

AT ROCKY MOUNT.

Two Deaths, One From Diphtheria—Other News Notes.

(Special Star Correspondence.)

Rock Mount, N. C., Sept. 28.—Miss Maggie Gorham died this morning at 7 o'clock, at the home of her brother, Mr. T. C. Gorham, at South Rocky Mount, after several months of poor health. The deceased was a member of one of Edgecombe's most prominent families and three sisters and brothers survive, Mrs. G. J. Mills, of this city; Mrs. Mary Nobles, of Richmond, Va., and an unmarried sister, Miss Hettie Gorham, who makes her home with her brothers in this city, Mr. Ed. Gorham of this city; Mr. J. C. Gorham, a prominent merchant of South Rocky Mount, and Mr. Frank Gorham, a prominent planter of Edgecombe.

After a brief illness with diphtheria, the eight-year-old son of Mr. J. C. Proctor died yesterday at the home of the family, about eight miles from this city, in Nash county. The funeral will be held this afternoon from the home. There seems to be an unusual prevalence of diphtheria in this family, and two cases were last week discovered almost at the same time. A six-year-old daughter of Mr. Proctor is extremely ill at present with the disease.

For possibly an hour and a half yesterday afternoon the crossings of Main street, from Thomas to Hammond, were blocked on account of an accident to an outgoing freight train of about 35 or 40 cars. The freight was leaving the city at a lively clip, when the caboose broke lose and threw the brakes on the entire train, pulling the drawheads from two cars and breaking the brake springs on another. It was impossible to move but a few of the cars in a forward direction, and none of them could be budged until the broken brake could be taken out. After considerable shifting and an occasional opening of the crossings the train finally backed to South Rocky Mount, where the damaged cars were taken from the train, and the freight continued on its journey about two hours late.

POLICE ATTACK THE STRIKERS

Orders to "Suppress Disturbances Without Mercy" Carried Out to the Letter—Trouble in Berlin—Many Injured.

Berlin, Sept. 28.—"Suppress disturbances without mercy," were Police Commissioner Von Jagow's orders today. The police followed out their instructions to the letter. They rode down and sabered mercilessly wherever a small group of people had gathered in the district of Moabil.

For two days this district has been the scene of riots, the like of which have not been witnessed in Berlin for many a day. Hundreds of persons have been injured and veritable pitched battles between strikers, their sympathizers and the police have occurred.

The result of the severe repressive measures taken by the police was that scores of persons were bruised or wounded during the course of the evening. The correspondents of Reuters Telegram Company, the New York Times, the New York World and the New York Sun were among the victims while watching the progress of the events from a motor car. The police swept down upon them with drawn sabres, apparently in both hands while the other correspondents were badly bruised.

From 5 o'clock in the evening every saloon in the locality was closed by orders of the authorities.

In spite of the strictness with which the cordons were maintained the strikers and their sympathizers held meetings at the street corners which in several instances caused bloody fights. The police charged furiously and beat down the workmen on every side. In this way they rode through Emdener Strasse and Turn Strasse, which were blocked with excited yelling crowds. Traces of the police charges were left in the dozens of persons lying severely wounded on both sidewalks. A coal wagon driven by strike breakers under police protection was attacked and the police replied with volleys from their revolvers. Several thousands marched in procession through the Little Liergarten, carrying a red flag. The police dashed at full gallop among the paraders, cutting down and galloping over them. It is estimated that at this place alone more than a hundred were severely wounded. It was in the tiergarten that the correspondents were attacked.

The police were greeted everywhere with shouts of "bloodhounds." This only served to incense them and they charged repeatedly. Lively skirmishes continued late into the night, but at midnight comparative quiet prevailed.

Six battalions of infantry were held throughout the night under arms in barracks in readiness for a sortie.

Emperor William who is the guest of Emperor Francis Joseph at Schoenbrunn, has sent for a full report of the disorder.

ROBBERY IN WASHINGTON.

Thieves Break Into Drug Store—County Medical Society Reorganizes.

(Special Star Telegraph.)

Washington, N. C., Sept. 28.—One of the boldest robberies ever attempted in this city was perpetrated last night between 12 and 2 o'clock when the drug store of D. T. Tayloe & Co., on Main street, was entered by thieves and about $250 in goods stolen.

Among the stolen articles were a number of fountain pens, boxes of cigars, toilet articles, cigarettes etc. The thieves were surprised while in the store by the manager, Dr. D. M. Fields, who had gone back about 2 o'clock to get some medicine for a patient and escaped through a back window as he entered the door. Dr. Fields hearing the noise gave the alarm and fired at them but they got away through a dark alley before he could catch them, or discover their identity. The thieves entered the store by forcing a window, entering on the alley. The police are at work on the case but as yet have discovered no clue to the guilty parties.

The Beaufort County Medical Society was formerly re-organized at a called meeting of the society today. Dr. K. P. B. Bonner, of Morehead City, councillor of the second district, assisted by Dr. W. H. Dixon, of Edwards, secretary, of the North Carolina Board of Health was instrumental in bringing about the re-organization. The following officers were elected: Dr. D. Tayloe, president; Dr. H. H. Hunter, of Pinetown, vice-president, and Dr. P. W. Carter secretary.

MRS. THORNTON GETS VERDICT.

For $3,000 Against B. & O. and Merchants and Miners' Line.

Norfolk, Va., Sept. 28.—Judge Edmund Waddill, Jr., today signed an order entering judgment in favor of Mrs. Agnes B. Thornton against the Baltimore & Ohio Railroad Company and the Merchants & Miners' Transportation Company, for $3,000 for personal injuries, this being the amount of the verdict given Mrs. Thornton by the jury which heard the case in the Federal court last May. Interest is to be added from the day of the verdict.

Mrs. Thornton brought suit against the defendant companies some time ago, alleging that she purchased a ticket from Newport News to a point in West Virginia and that because the ticket was not properly made out she was delayed in Washington, which delay caused her permanent personal injuries.

DEMOCRATS AWAIT CONVENTION TODAY

Leaders Unable to Choose Proper Man to Head Ticket in New York.

FEELING TOWARD SHEPARD

After a Nominee Acceptable to All Shades of Democratic Opinion—A Great Gathering at Rochester. Features.

Rochester, N. Y., Sept. 28.—The man who will head the Democratic State ticket this year had not been chosen when the leaders concluded their conferences tonight. But Chairman John A. Dix, of the State committee, who last week, gave official impetus to the Gaynor boom by declaring that up-State sentiment tended strongly in that direction, said before he went to bed that he found among the delegates an "undercurrent of feeling" toward Edward M. Shepard.

After venturing Mr. Shepard's name, the State chairman was asked what his attitude was on certain public criticism of Mr. Shepard's alleged connection with the American Sugar Refining Company in an advisory legal capacity.

"I have heard that criticism," replied Mr. Dix, "but has it occurred to you that Mr. Stimson himself is not invulnerable in the same spot. He served in the office of Senator Root when the Metropolitan Street Railway charter was drafted."

Mr. Shepard, or those who watch for him, did not fail to hear of this suggested attack and presently they issued from his headquarters a statement declaring that the statement that Mr. Shepard drew the sugar trust deed is absolutely without foundation. It was done, the statement says, by John E. Parsons in conjunction with Elihu Root, some years before Mr. Shepard's partnership with Mr. Parsons commenced.

Much pleasure has been brought to bear on Mr. Dix himself to consider the nomination for Governor, but he declined without hesitation and without qualification.

Charles F. Murphy reiterated tonight that he had no candidate in sight. "This is a Democratic year," he said, "and it would be a mistake to spoil it with pushing personal preferences. We hope to choose a candidate who will be acceptable to all shades of Democratic opinion."

"We have no candidates," he continued, "there is no candidate in sight to command the situation. After the convention is seated tomorrow I hope to see the various leaders and out of that series of meetings to bring a name I can present to the convention."

The Democratic League met tonight in the Seneca hotel and put itself on record in favor of the widest type of direct nominations.

James S. Havens and Hermann Ridder remain strong probabilities for the gubernatiorial nomination while the boom of Martin H. Glynn, of Albany, who has been quiescent since the delegates began to gather, suddenly sprang into activity tonight when the hotel corridors were flooded with literature describing his qualifications for the offic . There was also some talk of Justice Martin L. Keogh, of Westchester county.

Every train brought delegates to the Democratic State Convention this afternoon and by sundown the city was alive with all the spectacular features of the "night before." Tonight delegates, alternates and political camp followers are sleeping four in a room and two in a bed. Many of them were glad to get cots in parlors and corridors.

This was the day the bands began to play "Tammany." Leader Murphy had said: "I have no candidate and I have no opinions. Wait till the delegates arrive."

Norman E. Mack, of Buffalo, chairman of the National Democratic Committee, had said: "Mr. Murphy has told you that he is waiting to learn what the delegates wish. He controls the situation."

Therefore, it was with more than the curiosity for a spectacle that the five Tammany special trains were awaited late this afternoon. In all, the Tammany representation here amount to about 1,600 men, including delegates, alternates and interested spectators. They brought thick bankrolls and the cafes and hotel lobbies began to look livelier the minute they set foot in town.

The day was rife with rumors which shifted from hour to hour, and what seemed a strong candidacy one moment had shrunk to a plausible possibility in the next. None of the "possibilities" has relaxed his efforts to corral delegates and the supporters of Representative William Sulzer, Representative James S. Havens, and Thomas M. Osborne, former Mayor of Auburn, are working hard.

Mr. Osborne said that a careful canvass had convinced him that he was the strongest candidate from up the State and that he would go before the convention.

Daniel Cohalan, Norman E. Mack and Charles F. Murphy ate luncheon together in Mr. Murphy's rooms. Mr.

Base Ball

NATIONAL LEAGUE.

Baston, Sept. 28.—Boston defeated Chicago 3 to 2 in the first game today, but was shut out in the second game 11 to 0. Archer failed to hold Evers' throw in the ninth inning of the first contest and Burg was safe. He stole second and scored the winning run on Raridan's single to left, Sheckard overrunning the ball. The visitors hit the ball opportunely in the second game while Boston was unable to connect with Brown's delivery.

POSTMASTERS' OFFICERS.

Omaha Selected as Next City For Convention—Parcels Post System.

Richmond, Va., Sept. 28.—The National Association of Postmasters of the first class today applauded vigorously speeches favoring a wider adoption and extension of the parcels post system, made by J. C. Richardson, of Jackson, Mich., and B. F. Thomas, of Omaha, Neb.

Mr. Richardson quoted former President Roosevelt as a foremost champion of the idea.

Omaha was today selected by the National convention of postmasters of the first class as the place for the next annual meeting of the association and the following were elected officers of the body for the ensuing year: Fred W. Wimoft, Dayton, Ohio, president; E. R. Sizer, Lincoln, Neb., first vice-president; Isadore Sobel, Erie, Penn., second vice-president; R. E. Wood, Louisville, Ky., third vice-president; George W. Bean, Tampa, Fla., fourth vice-president; E. C. Mansfield, Boston, Mass., fifth vice-president; D. C. Owen, Milwaukee, treasurer.

OTIS PITCHES GAME.

Took "Bugs" Raymond's Place in Back Lot Game in New York.

Local baseball fans and those of the Eastern Carolina League will read with interest the following from the New York Herald of the 26th:

"Bugs" Raymond, the well known connoisseur of fluid refresments and one time Giant pitcher, must have tried a new brand yesterday. He was expected to pitch for the Manhaftans at Olympic Park, in Harlem, against the Leland Giants, a negro aggregation, but instead he turned up at Olympic Park in Passaic, N. J. There he pitched for the Litchfield (Conn.) team, which was beaten by Paterson, with "Andy" Coakley in the box, 4 to 2. There was a crowd of 8,000 in the Harlem grounds looking for his buglets and 2,000 more were perched on the surrounding roof tops and in the windows of the tenements. The comfortable capacity of the Harlem park is about 2,500, so it may be imagined what the jam was. Even packed as it was, fully 1,000 persons were refused admittance.

The crowd jeered the announcement that "Bugs" was too indisposed to appear and when the white team started with a negro pitcher there was so much hooting that a white twirler was produced. He was Otis, of the Toledo American Association nine. What the brunettes did to Otis in the second inning was awful. They got six hits, drew two passes and Paul was hit in the ribs. All of this tallied seven runs before Peteway fanned, purposely, to let his team get breath. Bennett succeeded Otis, and he held the negroes to two runs for the remainder of the five inning contest. The Manhattans made two runs in the first, but that was all. "Mike" Donlin, another Giant renegade, played first for Manhattan, but did not set the lot on fire. The Leland nine beat the All-Nationals in the curtain raiser 8 to 2. Their day's work made it the 111th victory out of 115 games.

HONORED FOR BRAVERY.

Men Who Faced Danger in Explosion on Battleship North Dakota.

Washington, Sept. 28.—For heroic action following the oil tank explosion aboard the battleship North Dakota, on Sept. 8th, when three men were killed and many injured, appropriate recognition by the government was given today by Acting Secretary of the Navy Winthrop to ten members of the crew of that vessel:

Thomas Davis, of Brooklyn, N. Y., chief water tender; John J. Quinlan, of Charlestown, Mass., and George F. Ellis, of Matfield, Mass., water tenders and Arnold J. Smith, of Chicago, fireman, were warmly commended, Thomas Staunton, of New York City, and Karl Westa, of Brooklyn, chief machinist mates; Uatrick Reid, of Brooklyn, and August Holz, of Glencoe, Mo., chief water tenders; Charles C. Roberts, of Boston, first class machinist mate, and Harry Liscomb, of Anacostia, D. C., water tender, were awarded a medal of honor and a gratuity of $100 each.

Davis, Quinlan, Ellis and Smith, entering a fire room, faced heat so intense that the hose had to be played on them, and drew all fires in the furnaces there. The other six hauled the fires in another fire room while the oil was burning on top of a boiler, taking all precautions to prevent boiler explosions, assisted in carrying out dead bodies, in waist-high water, dense smoke, heat and fumes. Roberts was overcome by fumes and gases.

KEELER STAYS IN NAVY.

Young Hospital Steward Heir to More Than $1,500,000.

Norfolk Va., Sept. 28.—Despite the fact that he is reputed to have fallen heir to more than a million and a half good American dollars, Horace Keeler, a young hospital steward, on the receiving ship Franklin, does not want to leave the navy.

It is reported that the Navy Department is willing to give Keeler his discharge so that he can enjoy his fortune, which it is said was left him by his grandfather.

Keeler enlisted in the navy at Chicago September 7th, his home is in Richmond, Ind., and his father is a manufacturer of caskets. Young Keeler is learning the undertaking and embalming buisness and he says he is getting valuable experience in the navy. He is attached to the surgeon corps and witnesses most of the operations performed by the naval surgeons.

One of the stipulations of his grandfather's will, according to reports, is that he must be earning at least $75 per month by the time he reaches his 25th birthday in order to inherit an estate valued at more than a million and a half.

"I can earn that much in the navy," said young Keeler.

HOOKWORN CONFERENCE.

In Progress at Richmond—Under the Rockefeller Commission.

Richmond, Va., Sept. 29.—All of the known intelligence concerning the hook-worm is concentrated here today in the conference for the eradication of the new disease in the South under the direction of the Rockefeller Sanitary Commission. The meetings are executive.

At the evening session of the conference on the hookworn disease reports were received from several of the Southern State and were informally discussed.

The sentiment of the gathering, so far as it has been individually expressed, on the subject of organizing deems to be in favor of continuing the present system of informal meetings and discussions, without regular organization. No action of the body as a whole on the question has been taken.

ON THE GRIDIRON.

Yale Defeats Wesleyan.

New Haven, Conn., Sept. 28.—In the opening game of the football season at Yale field here today, Yale defeated Wesleyan by a score of 20 to 0. Both teams showed good knowledge of new football while Versatility of plays with frequent use of the forward pass and kicking made the contest exciting. Each side was frequently penalized and but very few line plays were tried. A failure on Wesleyan's part of the use of the forward pass gave Corey the ball and he ran 95 yards for Yale's third touchdown.

Pennsylvania Wins Game.

Philadelphia, Pa., Sept. 28.—The University of Pennsylvania football team defeated Dickinson College this afternoon by the score of 18 to 0. The Pennsylvanians played 50 per cent. better football than against Ursinus. Their end runs and forward passes were very effective. Hutchison, who was not in the line-up last Saturday, was a tower of strength in the back field, scoring the first touchdown by a plunge through tackle and making the second score for Pennsylvania possible by a forward pass.

Harvard Wins First Game.

Cambridge, Mass., Sept. 28.—Harvard opened the football season by defeating Bates 22 to 0 in a fast spectacular game. The new rules worked well. Long end plays and forward passes were well executed and there were some fine dashes through open fields. All the scores were made on touchdowns from which two goals were kicked.

Cornell the Victor.

Itacha, N. Y. Sept. 28.—Cornell overwhelmed Hobart today in the first football game of the season, 50 to 0. The new game developed no spectacular plays, regular line plunging being used mostly.

LOCKE CRAIG TO RUN.

Will Ask for Nomination for Governor Two Years Hence.

(Special Star Correspondence.)

Raleigh, N. C., Sept. 28.—Hon. Locke Craig, of Asheville, will certainly be a candidate for Governor before the net Democratic State Convention for the nomination,' declared a Western North Carolina man here today—a close personal friend of the distinguished "mountaineer". "I am fully authorized to make this statement," said this friend of Mr. Craig, who went on to say that Mr. Craig is reluctant to make a formal announcement at such an early date, but that in view of the letters and requests received by him from every section insisting that he be a candidate, and that he should let his intentions be known, he feels that it is his duty to his friends to say that his name will certainly be before the convention. This friend also said that it seems to be the general impression that Mr. Craig will be nominated without serious opposition two years hence. "There will be no question raised at that time, either," declared this Western friend of Mr. Craig, "as to the right of the West to name the Governor and Mr. Craig's party services have been conspicuous and his merit is so pronounced that there appears to be an almost unanimous sentiment in his favor."

Roanoke, Va., Sept. 28.—Assistant Postmaster A. M. Prince, of Roanoke, is in a desperate condition, suffering from pellagra. He has been unconscious two days and his death is momentarily expected.

Milan, Sept. 28.—King Victor Emmanuel and his cousin, the Count of Turin, had a narrow escape from a serious accident today while inspecting the aeroplane at the aerodrome here. The aviator Simon failed to observe that the King and the Count were walking directly in front of him, and started his machine. It swept toward them at full speed. There were loud cries from the alarmed spectators, and a warning call to lie down. The sovereign and the count threw themselves to the ground and the machine just cleared them.

CHRONIC ULCERS INDICATE BAD BLOOD

Where the blood is pure any wound or laceration of the flesh heals "by first intention." This is true because nature has provided a constituent to the circulation known as Plasma, which joins and holds the place together until the fibres and tissues can permanently knit and interweave. Whenever the ulcer becomes chronic it is because this healing quality of the blood has been impaired by some impurity in the circulation, and the place remains open, infecting all surrounding flesh, until the character of the circulation is changed. No sore can heal where the blood is bad; because the morbid impurities on which it thrives are constantly deposited into it by the burdened circulation. Cleanse the blood and the sore will heal of its own accord, because then its very source and foundation will have been destroyed. S. S. S. cures Chronic Ulcers of every kind for the one great reason that it thoroughly purifies the blood. It goes into the circulation and removes every particle of infectious or morbid matter, enriches the corpuscles, and assists nature in the formation of the necessary plasmic qualities of this vital fluid. No matter from what source the impurities of the blood came, S. S. S. will remove them. Book on Sores and Ulcers and any medical advice free to all who write.

DOBSON MAY MANAGE COLTS.

Fayetteville's Fast First Sacker Goes Up in Virginia League.

Richmond, Va., Sept. 27.—There is a possible chance that Frank Dobson, the fast first-sacker, who finished the season with the Richmond Colts, will manage the team next year. No arrangements have been made as yet, but negotiations are under way and if they can be carried out the young player will lead the Colts.

The appointment of Dobson hinges on two things and either of them might prevent his taking the position. He probably will not serve unless Bunting is back with the club and the other condition is that he will have to give up his present position as coach at Clemson College.

Clemson does not close until long after the time to be here with the first. It is not known whether or not he would give up his place with Clemson for the purpose of being manager of the Colts.

Steps are now being taken to get Bunting back for next year.

THE INQUIRY AT NORFOLK.

Into Fraud Charges in Primary Election Began Yesterday.

Norfolk, Va., Sept. 28.—The subcommittee from the Democratic State Central Committee now investigating the recent second district Democratic Congressional primary election in which former Congressman William A. Young defeated Congressman H. L. Maynard by a majority of 45 on the face of the returns today began the taking of testimony in substantiation and refutation of the counter charges of fraud by Young and Maynard as well as the allegations of fraud on both sides as specified by citizens counsel. The evidence became highly sensational at times, one witness, H. C. Smith, a prominent citizen testifying that upon going up to vote for Maynard at the court house precinct in Norfolk city, which returned 599 for Young and 19 for Maynard, he found all of the judges absent from the voting booth and that James E. Prince, an outsider, was in charge of the voting.

Many Wilmington People Suffer from Nervous Troubles and Don't Know Why.

Thousands of cases of kidney trouble show few outward symptoms except nervousness, depression, languor irritability and an inclination to worry over trifles. It is generally due to the poisonous action of uric acid on blood and nerves, and can't be cured except by curing the kidneys. Doan's Kidney Pills cure these ills by curing the kidneys. Wilmington women are learning it. Here's a local case.

Mrs. J. E. Marshburn, 516 Castle St., Wilmington, N. C., says: "I suffered a great deal from backache and pains through my loins. Headaches were common and the kidney secretions were unnatural. I always felt tired and languid and little like doing my housework. Doan's Kidney Pills, procured at Robert R. Bellamy's drug store, cured me and improved my health. I am willing to publicly endorse this reliable remedy.

CONTEST WAGES FAST AND FURIOUS

Thousands of Votes Being Turned in on The Two Week's Special Bonus Offer.

SOME OF THE ADVANTAGES

Many Who Were First May be Last, and Many Who Were Last May be First—The Coupons.

Thousands of votes were cast on Tuesday in the Morning Star's contest. Nearly every candidate in the race was benefitted thereby. A great many contestants who were a week ago at the bottom are rapidly climbing to the top, and before another week elapses, several of them expect to be leading in their respective districts.

Opportunity is Now.

Of course the contest has but barely commenced, but a large number of contestants have come into the race to win. New contestants are entering the race daily, and the old ones are there with the determination of staying until the end.

The Five Vote Coupon.

When sending in coupons cut from the paper be sure to have the candidate's name upon at least one of them, and have them fastened together in some way. We have had complaints where a contestant did not receive credit for the proper number of votes, and it was found that they had neglected to write their name upon them.

Advantage of Special Offer.

It is well for every contestant or a friend of the contestant to remember that there is a special offer now on in connection with the contest department. This offer is practically a double vote schedule, as the schedule that now exists is 15,000 votes for five one-year subscriptions, however, during this offer, if a contestant receives five one year subscriptions she will receive besides the regular 15,000 votes and extra coupon calling for 35,000 votes, making a total of 50,000 votes on the five subscriptions. In other words, a bonus certificate for 35,000 votes will be issued for every $30 in new subscriptions of four months or over turned in between now and the 8th of October.

The Reason Why.

If there is anything that the contest manager can do in any way to assist a contestant, he will be pleased to hear from them, and will do anything possible to assist their candidacy, as in assisting the contestants, he naturally assists the paper, as the object of the contest is to secure subscribers, and by assisting contestants he is doing that.

The Fairness of the Contest.

There have ben numerous requests by different contestants as to whether votes issued on subscriptions and held in reserve can be transferred to another. The answer to one and all has been, and will be, No! as it would not be fair to allow anyone to pool votes. If a ballot is made out to a contestant it must be votes to that contestant, and if any changes are made in a ballot, the judges on the last night of the contest will be authorized to throw out the entire certificate.

Judges Appointed by Contestants.

The ballots will be counted by the contest department up to and including the last night of the contest, however, the final count will be made by representatives of the different contestants, selected by themselves. These will include all reserves. By reserves the contest deparment means votes that are issued on subscriptions that are held back by contestants.

The Reserve Vote.

It is not necessary for a contestant to cast votes, but it is really essential that a contestant should turn in her subscriptions as soon as received. If you have but one subscriber, it is well to turn it in at once, because the subscriber can save the five vote coupons which appear daily for you, and which might make you a winner.

Accurate Account Kept.

The contest department will keep an accurate account of all subscriptions turned in during the bonus offer, and will issue the extra bonus certificate as soon as the amount of $30 is received. If there is anything that any contestant does not understand in regard to the contest it would be well to telephone, write, wire, or call at the office for information.

HIGH PRICES FOR GRAPES.

Rival Buyers on the Market—Affairs in Columbus.

(Special Star Correspondence.)

Whiteville, Sept. 28.—Yesterday a scuppernong war raged in Vineland, when the prices of these popular grapes went to unheard of prices. The fight was between Garrett & Co., of Virginia, and Isadore Bear, of Wilmington. It seems that Mr. Bear was not satisfied about getting his share of grapes so yesterday morning he came to Whiteville in person and set in at once to bull the market. His bids were met by buyers for Garrett & Co., and competition being keen, grapes sold at an unprecedented price. Two carloads were shipped yesterday, although it is late in the season and the bulk of the crop marketed. Preceding years scuppernongs have been selling for about 60 cents per bushel, but this season they went from $1 to $1.15. Growers think that hereafter they will get around a dollar for their grapes, and which means a big thing, as from 200 to 500 bushels can be gathered from an acre, with comparatively nominal expense. A great many new vineyards will be set out in our county next Fall.

There seems to be an epidemic of blind staggers among the stock in this county. Last week two fine mules and a horse died from that disease around Mollie, and we hear of other stock dying in different sections of the county.

Mr. William I. Clemons, aged 31 years, died this week in Vineland and his remains were interred in the Whiteville cemetery.

Mr. D. McCurrie, of near Star City, was the other day carried to the James Walker Memorial Hospital in Wilmington and successfully operated on for appendicitis. Mr. McCurrie is one of our leading and most progressive young farmers, and his many friends are glad to hear that his condition is favorable.

MAJOR HALE SUGGESTED.

His Friends Urge His Appointment to Succeed Dixon.

(Special Star Telegram.)

Fayetteville, N. C., Sept. 28.—Well under way is a movement started here yesterday to secure for Major E. J. Hale, of Fayetteville the appointment to the office of State Auditor made vacant by the death of Dr. B. F. Dixon. As a result of a meeting of a number of Maj. Hale's enthusiastic friends held yesterday afternoon, it became known that he would be a candidate for the place. The movement is well organized and an active campaign in his behalf will be waged if necessary.

Raleigh, N. C., Sept. 28.—It is understood tonight that a call for the State Democratic Executive Committee to select a candidate for State Auditor will not be issued for a few days yet. The date will be for the meeting Tuesday or Wednesday of next week. A report, evidently well founded, has it that Governor Kitchen may commission at once B. F. Dixon, Jr., son of the late Auditor to succeed his father until next January when the Auditor elected in November will be inaugurated.

MR. JOHN HILL DEAD.

Esteemed Citizen of Goldsboro Passed Away esYterday.

(Special Star Correspondent.)

Goldsboro, N. C., Sept. 28.—Mr. John H. Hill, originally from the Cape Fear section, where he was widely connected, died here this morning, aged 74. He was one of the most highly esteemed citizens of the town. He had been postmaster under Cleveland and was several times mayor of the city and at the time of his death was ranking member of the board of public works. The funeral will be held from St. Stephen's Episcopal church tomorrow afternoon at 4 o'clock. He is survived by his widow, after a wedded life of 52 years, and by one son and four daughters.

Mr. Hill was born at Hailborn, Chatham county, N. C., Oct. 14th, 1834. His childhood was spent at Hailbron and Wilmington. He attended St. Timothy School, Cantonville, near Baltimore, Md., and at an early age entered the University of North Carolina graduating in the class of 1854, of which but few now survive, one of whom is the Hon. Richard H. Battle, of Raleigh. He entered the Confederate Army as aide on the staff of Gen. Whiting, commanding the Wilmington district, and later was assigned to the 40th N. C. Regiment, serving as lieutenant in the line until the close of the war, participating in the fierce fight at Bentonsville and surrendering with Gen. Johnston's army.

A message was received in this city yesterday morning conveying the sad intelligence to relatives and friends in Wilmington of the death of Mr. Hill. Mr. Hill married a sister of Mr. Thos. O. Bunting, of this city and she survived. He was a son of the late Dr. John H. Hill, who was for many years a large planter of this section, living at the Lilliput plantation down the river.

The message announcing the death here was received by long distance telephone yesterady morning by Mr. W. H. Brown, a cousin of Mr. Hill. Mr. Brown accompanied by his sister, Miss Minnie Brown, will leave this morning for Goldsboro to attend the funeral services, which will be held at 4:30 o'clock this afternoon. Probably other relatives in this city will also attend.

Mr. Hill married a daughter of the late Dr. Thos. O. Bunting, of Sampson county, and she with five children survive, the children being Mr. John H. Hill, Jr., of Goldsboro; Mrs. R. D. Cronly, of Petersburg, Va.; Misses Betsy, Louise and Minnie Hill of Goldsboro who have the sympathy of many friends in this city in their bereavement. He is also survived by four grandchildren.

For many years Mr. Hill was a prominent druggist in Goldsboro and was postmaster at that place during the Cleveland administration. He was a communicant of the Episcopal church and for many years served as vestryman.

"HOME RULE" MOVEMENT.

Money Raised by Irish League to Aid Parliamentary Party.

Buffalo, N. Y., Sept. 28.—The fifth biennial National Convention of the United Irish League closed this evening amid a remarkable scene of devotion to the motherland and fealty to the leaders of the Irish Nationalist movement, who have attended the gathering. A recommendation by the committee on ways and means that $100,000 be subscribed to the work of the Irish parliamentary party for the next two years was raised to $150,000 by the committee on resolutions. The latter report was unanimously adopted and within half an hour a total of $151,000 had been paid in or pledged.

The demonstration by the 850 delegates was renewed when Michael J. Ryan, of Philadelphia, accepted a re-election as president of the league.

John O'Callaghan, of Boston, National secretary, and Thomas B. Fitzpatrick, of Boston, National treasurer, were also re-elected by unanimous vote. The following vice presidents were elected:

William Temple Emmet, of New York; Michael L. Smith, of St. Louis; Charles F. Cooke, of Chicago; Patrick Martin, of Baltimore; John Fitzpatrick of New Orleans, and Hugh McCaffery, of Philadelphia.

John L. Redmond renewed his declaration that self-government for the Irish race was never nearer than it is today.

VACANCIES IN CARDINALATE.

Pope Will Hold Consistory in November—Likely to be Chosen.

Rome, Sept. 28.—It is considered certain at the Vatican that the Pope will hold a consistory about the middle of November. There are many vacancies in the cardinalate and those most likely to receive the red hat are believed to be Mgr. Bisleti, papal majordomo; Mgr. Lugari of the Holy Office; Mgr. Guistini, secretary of the consistory of congregation; Mgr. Bello, patriarch of Lisbon; Mgr. Granito di Delmonte, papal nuncio at Vienna; Mgr. Amiette, archbishop of Paris; Father Corniser, general of the Dominicans, and Fatner Ehrle, Librarian of the Vatican.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 60 cents; three months, 35 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

NEGRO REPUBLICANISM.

The State Republican convention of South Carolina, held at Columbia on Monday was a remarkable affair. The negro was distinctly on top and dominated the convention by negro leadership as well as numbers. The convention was overwhelmingly controlled by negroes opposed to the Taft Administration, but they elected a white man, J. W. Tolbert, of Greenwood, to be State Chairman, to succeed former State Chairman Edmond H. Deas colored, of Darlington.

The "lily white" element of South Carolina Republicanism was conspicious in the convention by its absence. In times gone by they were glad to fraternize and hob-nob with Cuffy and Cudjo when something could be made out of his vote, but they hasten to abondon the black man when he cannot be controlled and voted so it will count. The negro vote in South Carolina can no longer be sold and delivered as in the days when the ignorant horde was "voted like sheep" under the influence of as graceless a set of white scamps and villians as ever operated in Lootville. The South Carolina suffrage law freed the State from the hands of ignorant blacks and the few infamous whites who bossed them, and at the same time it freed the negro from domination by a class of whites who led them to their ruin politically, and, to a large extent, socially The negro's white allies deserted him as soon as he couldn't be used in political pickings, and today they are pretending to be so white they don't want to be caught in a State convention with negroes. However, let the negro's vote count for something and his white friends (?) would scent fresh meat, flop their wings and feed off his political carcass as insatiately as in the "days of good stealing."

Let us revert to that negro State convention in Columbia on Monday. See what it didn't do! It didn't endorse the National Republican administration. A resolution endorsing the administration of Taft was not even proposed. That was because negroes domniated the convention, for out of ninety odd delegates present there were less than a dozen white men still true to their former black dupes. The South Carolina negro convention ignored the Taft administration simply because they consider that Taft has ignored them in order to build up a white Republican party in the South. They may have black skins but they had spirit enough to refuse to play with a President who don't play with them.

Now, it is different with a North Carolina white Republican, who will submit to be slurred and ducked in a puddle and then come to the front and lick the hands of the ducker.

A New York man advertises that his wife left him because he couldn't support her like he used to. If the average man's wife would leave him for the same reason there would be a powerful lot of grasswidowers in North Carolina. The increased cost of living and the shrinking purchasing power of a man's pay makes the tariff responsible for lots of domestic infelicity.

The Greensboro News (Rep.) observes: "Just why a man who has had the highest honors the Nation can bestow wants to make such a strenuous fight to be temporary chairman of a State convention is not perfectly clear; but all the same, 'that's what he done'." It wasn't the temporary chairmanship the Colonel was after, but the scalp of "Slippery Jim" was what "looked good to him."

"BEAT 'EM TO A FRAZZLE."

In his own words, ex-President Theodore Roosevelt "beat 'em to a frazzle" in the State Republican Convention at Saratoga on Tuesday. Those whom he beat to a frazzle were the "Old Guard", the coterie of political bosses in New York State, standpatters and reform obstructionists in New York State politics. The Old Guard put up a stubborn fight, but wasn't in it against the Big Stick.

The fight before the convention was over the temporary chairmanship of the convention. That fight was between the ex-President and Vice President James S. Sherman who recently received the endorsement of the State Executive Committee which presumed to carry its bossism so far that it attempted to ram Sherman down the throats of the convention as its temporary chairman. The committee took Sherman and rejected Roosevelt but that put the Rough Rider on his metal, so he went to work to beat the committee and Sherman. As was to have been read in the convention proceedings in the Star yesterday the Colonel triumphed with a majority of 122, having been chosen temporary chairman by a vote of 567 out of 1,012 votes cast in the convention, while Sherman received 445 votes.

In his defeat Sherman became the victim of his lack of respect for the proprieties. When it was known that an ex-President of the American Republic and one of the most distinguished men of his own party sought the honor of temporary chairmanship, most any man would have given way out of respect to one with the prestige of having been at the head of the Republic. Sherman, however, typified the narrowness and selfishness of the bossism with which he is allied in New York and defiantly laid his head on the block to be crushed by the Big Stick. He had his nerve and, of course, he had as much right to be temporary chairman as the Rough Rider, but some recognition of the proprieties, and a good judgment which would have foreseen his defeat under the circumstances, would have saved him from repudiation by the State Republican convention of the Empire State.

The convention accounts attribute the victory to the "progressives" over the reactionaries, but ex-President Roosevelt's personality no doubt caused the convention to make him temporary chairman without regard to the line-up of the progressives or the reactionaries. Be that as it may, however, the vote showed tremendous opposition to Roosevelt, and therefrom we learn a lesson. The vote cast in the convention would indicate that a large element of the convention really was anti-Taft in sentiment because it stood for Roosevelt, while the vote cast for chairman shows that there is a big opposition to Roosevelt in the Republican party of New York. The ultimate recognition of Taft's administration was perfunctory and came as a matter of course. It indicates nothing so far as the voters of New York are concerned. However, the convention was against the bosses, all of whom were the strong adherents of the Taft administration. If a Republican convention is so divided in its sentiment, what may we expect of the Republican voters who will go to the ballot box in November, some voting as a protest against Taft's administration and others as a protest against Roosevelt. The convention was divided against itself and no doubt it indicates that the Republican voters of the State are more generally divided than is indicated by the dissension in the State convention.

The action of the convention, of course, indicates repudiation and overthrow of the bosses and along with them Vice President Sherman, but the situation as a whole augurs a Democratic victory in New York in November. While the action of the convention would seem to have been a condemnation of bossism as it has existed, it really means a division over Roosevelt and Taft. With consumers dissatisfied with the Taft administration and other elements in New York mistrustful of Roosevelt, we should say that the final analysis of the situation is favorable to the Democracy in the Empire State.

Whatever view we may take of it, there is no doubt that Vice President Sherman acquired another repudiation and when he comes to North Carolina to persuade Democrats to vote the Republican ticket he will have a fine opportunity to explain why even New York Republicans wouldn't stand for him and his cause and the cause of repudiated bossism in New York State.

A fashion writer says: "The new ladies' hats should be worn with the mouth slightly open." All new ladies should make a note of that.

The "bolster-slip frock", described as somewhat resembling a joint of stove pipe, is one of the latest styles of dresses for ladies. We don't see how a dress like that could ever be worn by ladies who are not built like a stove pipe.

If President Taft really is in favor of "further revision of the tariff," he should be glad that a Democratic and Insurgent Congress is to be elected. With any other kind of Congress his proposition for "further revision" wouldn't amount to a hill of beans.

CURRENT COMMENT.

It takes a man like Ambassador Oscar Straus to snub the Czar of Russia. —Baltimore Sun.

"Republicans are all alike," declares President Taft in his harmonizing letter. Why, that's what the Democrats charge! —Detroit Journal.

It seems like almost three or four days since President Taft or Colonel Roosevelt has been on a long trip somewhere.—Springfield Union.

Perhaps with a eDmocratic House and Democratic Senate President Taft might measure up to the full standard of his undoubted ability. With party expediency forgotten, he might work hand in hand with the Democrats to reform the tariff and to bring about other changes so forcefully demanded by the people.—Cleveland Plaindealer.

A split in the Republican party—the very worst split in its history—doubtless will change the partisan complexion of the next House. But it will mean rebuke of Republicanism not a reward of the Democracy for any achievement. And it is going to require statesmanship, brains, conservative progressiveness, and real constructive ability on the part of the Democracy to rehabilitate itself and gain any lasting benefit from the forthcoming uphaval. Partisan maneuvering will not do it.—Washington Herald.

Champ Clark has composed a sort of political decalogue consisting of ten propositions that he says the Democratic party will put into effect when it shall get control of the government. The propositions are simple and the very strong majority of Democrats are loyal to them, and Mr. Clark is not running much risk in pledging his party to a revenue tariff, a reduction of expenses, poplar election of senators, the restriction of monopolies, the improvement of waterways and the other items in his list.—Philadelphia Record.

A correspondent of the Lumberton Robesonian points out in succinct fashion the assistance any comprehensive scheme for draining that county would derive from the topography of the land, and in so doing offers a valuable hint to advocates of this means of improvement in other portions of the State. Counties higher up in the piedmont or along the coast will naturally have other points to emphasize but the method of the Robeson enthusiast will be found practical elsewhere. The proper amount of public interest in this subject cannot be aroused simply by demonstrating the importance of rdrainage and the immense benefits which are to be derived therefrom. The leaders in the movement must take advantage of every possible opportunity to show the public that the task is one which can be accomplished without the intervention of anything more miraculous than a firm determination on the part of the landowners most interested. The Robesonian's correspondent calls attention to the fact that drainage in Robeson county will have one great initial advantage over the constructive work of this nature which has done so much for Indiana and Illinois. In the case of the latter, the slope of the land is so slight that the necessary fall has to be constructed by the ditch-diggers. In Robeson county nature has prepared, so to speak, for drainage by affording a natural outlet for the surplus water. A perfect network of small branches tributary for the most part of the Lumber river covers the county and affords scope for a perfect drainage system by means of much shallower ditches than would be possible on land with less slope or few watercourses. Looking the county over, the correspondent believes that there are not less than 125,000 acres now worthless for farming purposes which can be made productive simply by following the sugestions written by nature in large script over the topographical map of the county.—Charlotte Observer.

Mr. Taft ought to be able to see at this time that there is not the slightest basis of harmony between Roosevelt and himself. Roosevelt is plunging madly around the political pasture without bridle or halter. He has cut loose from his party and his former convictions and is attempting to establish himself as a boss-in-chief of the Republic. It is impossible for a man of the President's sanity to look with favor upon his predecessor's movements, and he ought to know that Roosevelt has no intention of sharing leadership with anybody else. Roosevelt's purposes, so far as the President is concerned, are of a most sinister aspect. That is plain to the whole country, and the President ought to catch on and have nothing of him. He should just let the wild man plunge and snort until he stumbles and breaks his neck, as he will certainly do in good time. We are not advertising the President because of any particular interest we have in the accumulating woes of the Republican party, but in common with all right-thinking people we have a regard for the dignity of the Presidential office and we confess to a sincere admiration of the splendid personality of the gentleman who fills the office. We simply hate to see him elbowed around and bullied by a capricious, rattle-brained egotist who has thrown to the winds every semblance of politeness and consideration in his mad attempt to fan the country into frenzy in the hope of becoming the leader of a political revolution. So we say to Mr. Taft: Sit down on him with that ample 300 pounds and flatten him. It is useless to attempt to concilate him in the hope of ultimately saving the Republican party. That is impossible. It is doomed to destruction. But you can yet save your self-respect and the regard of the public elsewhere by handing Theodore Roosevelt a swat that will bring him to his senses. If you don't do it, the great conservative constitution-loving people of this country will be disappointed in you. We are giving it to you straight, Mr. President.—Houston Post.

To the Old Guard everything is lost save the chance for a pension.

It takes more than a Vice President to put a quietus on the Great Noise.

Many men would like to "come back", but they are not good at "counting cross ties."

The man who is looking out for himself these times is neither an aviator nor a joy-rider.

Col. Roosevelt hasn't done anything yet to call down people who have "get rich quick" proclivities.

Col. Roosevelt ought to be able to indulge in "biting sarcasm," because he seems to have the teeth.

This thing of Republican insurgency is getting dangerous. It might reform the leprous old G. O. P. elephant and not give the Democrats a chance to put him out of business.

William Barnes, Jr., will now put the soft pedal on his rattletrap talk and Woodruff's flamboyancy has a flicker coming to it. Both will have to take 'the silent treatment."

Says the Greensboro Daily News (Rep.): "The soup is in Democracy." As Republicanism is "in the soup", down it goes with the soup. Thus Republicanism is swallowed up in victory.

The three days' session of President Taft's Cabinet probably considered ways and means to keep their courage up while the insurgents and progressives are going right on putting the administration in a hole.

A correspondent of the Baltimore Sun writes to ask why cats have fits. If the Sun can answer that, it may be able to explain why it is, under present circumstances, that President Taft doesn't have more fits than a cat.

BLADEN REPUBLICANS.

Old Guard Met and Put Out Full County Ticket.

(Special Star Correspondence.)

Elizabethtown, N. C., Sept. 28.—The Republican county convention met here today and put out a full county ticket. The convention was called to order by Postmaster Meares, county chairman, of Clarkton, with Secretary D. B. Sutton at his post. Only the naming of committees was taken up when they adjourned for dinner. The convention met again about 1 o'clock. The committees reported, and Mr. Sutton took the floor for a speech of 25 minutes in which he assured the convention that the time was near at hand when the Republican party would be in power in this county, and in a few moments made another speech urging the convention not to put out any candidates for the office of clerk of the court, and to "let's try only two or three candidates this time," as there was nothing but defeat for them as they had tried it time and again.

There was little opposition to the old guard and only about 40 minutes were consumed in naming the full ticket which was as follows: Representative Rufus M. Hilburn; Sheriff, J. R. Green; Clerk, T. J. Dunham, Mr. Dunham not being prestnt, a delegate vouched for his acceptance; Register of Deeds, Gaston W. Hester; Treasurer, R. A. Edwards; County Commissioners, David Melvin, Ephraim Singletary and Lawson Pridgen; Coroner, Owen Jones. There being no candidate for the office of surveyor, the convention nominated J. C. Davis despite his refusal to accept. There were only about 35 present.

Despondent Because Wife Refused to Abandon Suit for Divorce.

Cleveland, O., Sept. 28.—Despondent because his wife refused to give up her suit for divorce and return to him, James Payne, former trainer of the Cleveland baseball club, and a well known wrestler, pugilist and athlete, went to her home today and in the presence of Mrs. Payne and her mother committed suicide by shooting himself in the right temple. Payne was known in sporting circles all over the country as "Doc."

ENORMOUS CATCH OF FISH.

Million and Half Manhadens Caught Off Beaufort Yesterday.

Beaufort, N. C., Sept. 28.—A million and a half fatbacks fish were caught off here today and fishermen who came ashore tonight reported that as far as the eye could reach the ocean was red with the fish. Nearly 200 men are employed in catching them. The fatbacks, properly called Menhadens, are not fit for food but are dried and manufactured into oils and guano.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

TAFT AND CABINET BUSY.

War Department Estimates and Postal Bank Regulations Considered.

Washington, Sept. 28.—President Taft and his advisers put in a good day today on the estimates for several executive departments to be submitted to Congress at the approaching session. Acting Secretary of War Oliver, and Major General Wood, chief of staff of the army, went over the War Department estimates with the cabinet. A tentative draft of the postal bank regulations on which the trustees have been hard at work, was submitted to the President, but little opportunity was found to give it consideration.

It had been the intention to close up the "house party" at the White House today, but so much work remained to be done that another session will be held tomorrow and probably still another on Friday. One or two of the cabinet officers who had made their arrangements for a vacation with their families, will leave tomorrow and the others will depart Friday evening. President Taft expects to return to Beverly Saturday.

The President found time later to receive several hundred delegates to the Catholic Charities conference and to greet his old friend, the Sultan of Sulu.

GRAND JURY MAKES REPORT

Recommends That City Prison be Abolished or Replaced With Steel or Iron—Objects to Method of Street Cleaning.

Having finished its work, the Superior Court grand jury for the September term made its report to the Clerk of Superior Court yesterday afternoon and was discharged by him for the term, Judge H. W. Whedbee, who presided over the brief session of court, having left in the morning for his home at Greenville.

The grand jury makes three important recommendations—that the city prison be abolished or that steel or iron cells be provided; that there be a change in the present method of sweeping the streets, contending that the streets are swept without sprinkling, and that a crematory be established so as to avoid the dumping of garbage and trash in various places in the city and county. The report in full is as follows:

"Wilmington, N. C., Sept. 28, 1910.

"To His Honor, Judge H. W. Whedbee, Presiding, September Term, Superior Court:

"We, the grand jury, appointed at this the September term of court for New Hanover county, beg to submit our report as follows:

"We have acted upon nine bills of indictment. We reported to the court, seven true bills and two not true bills.

"An inspection of the jail shows that the same is in good condition, excepting the front porch, which needs repairing. The prisoners state that they are properly cared for and served with wholesome food.

"We found the Court House in good condition, except a new glass is needed in the transom of the Clerk's office, and the walls of the Sheriff's office need repairing.

"We visited both convict camps. The bed clothes at the East Wilmington camp were filthy and need attention. Otherwise everything else is in good condition.

"At the county home, we found 14 patients and 20 prisoners, who are apparently well cared for. We recommend that leaks in the roofs of women's prison and insane department be repaired at once; and that the telephone poles be moved from the middle of the road running from Castle Haynes road to the home. Also, that the heating plant in the insane department be either thoroughly repaired or renewed.

"We found loose cotton stored in two rooms, the doors of which could not be locked. We think this very dangerous, on account of its liability to catch fire.

"We found the books in the Clerk's office in proper order. The bonds of administrators and guardians were properly executed.

"We recommend that the city abolish its prison cells entirely or have them built of steel or iron. The present ones, built of wood, are apparently relics of Colonial days; not being strong enough to prevent the escape of a desperate character, and are dangerous in case of fire.

"We disapprove of the present method of the city street department, in sweeping the down-town streets, especially Front street, in the afternoons during shopping hours, when hundreds of ladies and children are on the streets. The streets are swept without sprinkling, sending clouds of germ-laden dust and microbes in the air, which we believe to be a menace to the public health.

"We recommend that a crematory be established, so as to avoid the dumping of garbage and trash in various places in the city and county. The present system in vogue, of dumping trash and carrion in the city limits is a menace to the public health and a source of annoyance to citizens living in the vicinity of dumping places.

"Respectfully submitted,

"GEORGE HARRISS,
"F. L. HUGGINS, "Foreman.
"Secretary."

RALLY DAY ON SUNDAY.

Unique Announcement of Pleasant Affair at First Baptist Church.

Unique announcements in the form of what purports to be a wireless telegram have been issued by Supt. G. E. Leftwich of the First Baptist Sunday School to members and friends inviting all to attend "Rally Day" at the church on Sunday afternoon at 4 o'clock. The telegrams are sent out printed on a clever imitation of the real telegrams and enclosed in the familiar little brown envelopes with the proper time, check numbers, etc., attracting attention and fixing the mind of the recipient most certainly upon the occasion and its significance as is explained in the body of the telegram which is in typewritten form. Supt. Leftwich in his "wireless" asks all to come and help make a success of the day and to bring some one not a member. Parents are also urged to come. The School is striving for a membership of 600 and the motto is "Everybody at work for Everybody."

BIG CARGO OF COTTON.

Kildale Clears With 14,495 Bales For Liverpool—Steamers.

The British steamer Kildale, cleared yesterday with 14,495 bales of cotton for Liverpool, England, the second of the season with the staple for foreign export. The steamer carries a much larger cargo than the Mariner, which sailed for Bremen about the middle of the month, this cargo being valued at $985,000. This is the first steamer from Wilmington to an English port this year.

SCHOOLS OPEN ON MONDAY

Mr. John J. Blair, the Superintendent, Makes Some Important Announcements—All Schools Will be Crowded This Year.

Everything is practically in readiness now for the opening of the Fall term of the Wilmington graded schools next Monday morning at 9 o'clock. For several days past Mr. John J. Blair, the superintendent, has been busy making preparations for the opening. The indications are that the accommodations of the schools will be taxed to their utmost capacity. Mr. Blair yesterday issued the following announcement relative to the opening:

"As announced before all the schools of the city, the High School, Union, Hemenway, Peabody and Williston, will open Monday morning at 9 o'clock.

"The High School girls will enter the school yard at the northwest corner, and the boys through the small gate in the northeast corner, as the main entrance is temporarily closed. At the ringing of the bell at 8:45 all pupils pass immediately to their respective rooms. As the seating capacity is limited, those securing seats will retain them until the new building is open, and no changes will be allowed for the first day. The different classes will assemble as follows:

"Seniors in the old Senior room; Division I of the Junior in the old Junior room, and Division II in the room immediately above, on the second floor. Sophomores in the two Sophomore rooms occupied by the two Sophomore classes last year. All Freshmen from Room I of the Union School will occupy the room immediately to the right of the front door of the old building, and the other two Freshmen from Hemenway School and Union, in the hall rooms upstairs. The eighth grades in the two Grammar schools will occupy the rooms used by the eighth grades last year for the present. Rooms will be assigned to all other grades by the principal on Monday morning.

On Friday, Sept. 30th, at 9 o'clock, all new pupils who expect to enter the High School, will assemble at the High School building for examination and classification. (This does not apply to the pupils who were regularly promoted from the grammar schools).

"On Saturday morning at 9 o'clock, all High School students who have deficiencies to make up, will meet their respective teachers for examination.

"All pupils who expect to enter the Union school will present themselves for examination and classification at the Union school building at 9 o'clock Friday morning.

"All new pupils who expect to enter the Hemenway school will present themselves at 9 o'clock Friday morning at the Hemenway building for examination and classification.

"The Peabody and Williston schools will observe the same hours.

"No pupil will be permitted to enter school without a certificate of vaccination.

"All teachers of the Union school will meet in the Union building at 10 o'clock Saturday morning.

"All teachers of the Hemenway school will meet in the Hemenway building at 11 o'clock Saturday morning.

"All teachers of the High School will assemble at the High School building Saturday morning at 12 o'clock.

"In case any pupils are unavoidably detained from entering school Monday morning, it will be well for the parent to notify the principal so that a seat can be reserved. It is expected now that every available seat in the city schools will be occupied.

"The work for the first day will consist of distributing of book lists, and the assigning of definite work for Tuesday, on which day the recitations and work of the schools will proceed according to the regular schedule."

Mr. O. A. Hamilton, of Monroe, N. C., the newly elected principal of Hemenway School, arrived yesterday and will be ready for the opening on Monday. Mr. John H. Boushall, one of the teachers at the High School, also arrived yesterday and will confer with Supt. Blair today.

THE RECORDER'S COURT.

James Abott, Colored, Not the Man Who Cut William Dry.

By direction of the Recorder, James Abbott, colored, porter at the general offices of the A. C. L., who was arrested Tuesday morning on the charge of cutting William Dry at Macomber's Station Monday night, was released from custody yesterday, the negro establishing an alibi. Two persons testified that Abbott was in Wilmington and not at Macomber's on the night of the cutting. Besides, Dry, who is at the hospital, stated positively Tuesday night that Abbott was not the negro who cut him.

Grant Hines, colored, who was tried Tuesday and fined $25 and costs for assault with deadly weapon on another negro, was not able to pay the amount of the fine and costs, and was sentenced by the Recorder to three months on the county roads. Mattie Allen, a denizen of the underworld, was fined $5 and costs for disorderly conduct. Sandy Williams, colored, was required to pay the costs in a case against him for riding a bicycle on the sidewalk.

Ed Russ, a white man, was arraigned on two charges—drunkenness and resisting an officer. Russ was arrested Tuesday afternoon at corner of Front and Market streets by Patrolman Bradshaw on the charge of drunkenness. He made strenuous resistance, but was finally landed safely in the city prison. For drunkenness he was fined $5 and costs and for resisting arrest a fine of $25 and costs was entered against him.

Brunswick County Court.

W. P. Mangum Turner and B. G. Empie, Esqs., returned yesterday afternoon from Southport, where they attended Brunswick county Superior Court in session there this week with Judge Oliver H. Allen presiding. Mr. Turner stated that there were no cases of special interest on the docket for trial at this term. Among the members of the local bar who went to Southport yesterday were: Wm. J. Bellamy, C. C. Loughlin and Cameron F. MacRae, Esqs., also Robt. Herring, Esq., of Fayetteville.

PLATT & HAAR'S OPENING

Throngs of Pleased Shoppers Crowded the Popular Store Throughout the Day—Millinery Department a Feature.

Unquestionably the most successful Fall opening in the history of the popular department store of Platt & Haar, No. 9 North Front street, began yesterday morning and will continue through today. The popular establishment was thronged the "live long day" by delighted shoppers, all of whom were pleased to note that since the last opening there had been added another department—millinery, which is owned and managed by Miss Mary A. Wynkoop, who is well known to the people of this community as a milliner of wide experience, and one who displays exquisite taste and rare judgment in the selection of her stock.

The millinery department is located on the second floor, the east end, and it presented a most beautiful appearance yesterday. For several days Miss Wynkoop and her capable assistants—Mrs. Draper Bailey, the designer; Miss Birdie Miles, head milliner, and Miss Newton, assistant head milliner—have been busy opening up goods and "turning out" beautiful headgear from the work room, with the result that the scene which met the eye of the eager shopper was one of unrivaled beauty. The space set apart for this department was attractively decorated with palms and ferns and articles from the drapery department, which and very appropriately so, adjourns the millinery appropriately so, adjoins the millinery department. The idea of having the drapery department in close proximity to the millinery display so it might act in a double capacity—as a decoration and also for the purpose of exhibiting the pretty and serviceable things is that of Mr. G. Henry Haar, member of the firm, who spends his entire time on the second floor of the large establishment. It was indeed a happy idea and the arrangement brought forth many favorable comments from the shoppers.

As the shoppers entered the store they were greeted by Mr. Platt, who gave them a most cordial welcome and saw to it that they were given prompt attention if they desired to make purchases of anything carried on the first floor. Then the shoppers proceeded to the rear of the store where they took the broad stairway to the second floor, where they found Mr. Haar to greet them and conduct them to the millinery display. To make the decorations complete the windows in the millinary department had been treated with "Windowphanie," the exclusive agency for which is held by Platt & Haar. The many beautiful hats were most tastefully arranged and even a mere man could not help but be attracted by the magnificent display. There were on exhibition more than 100 hats that were "turned out" of the department's work room and the skill and taste of the designer and milliners were fully illustrated in the selection. The very latest that Dame Fashion has decreed could be found here and to say that the ladies were delighted is but putting it mildly. I would be useless to attempt to enumerate here the many styles that are represented. Only a visit to the establishment will suffice. It was observed, however, that the styles this season are really what might be called extremely satisfactory. The walking hats are small and convenient and sensible, and the dressy ones are larger and graceful and picturesquely becoming.

The wisdom of opening a millinery department in connection with the establishment was abundantly demonstrated yesterday by the large number who visited the store. There was a constant stream of shoppers to and from the store from early in the morning until the hour of closing in the afternoon. The opening continues through today and no doubt hundreds of others will take advantage of the opportunity to behold the magnificent display of that which never fails to bring joy to the hearts of the ladies—exquisitely lovely hats.

Anticipating an increase in the number of patrons of the store by reason of the millinery department, Messrs. Platt & Haar made larger purchases than usual for the other departments and as a result the shoppers will find the establishment more complete than ever. Almost everything one could desire to find in a department store is included in the large stock of Messrs. Platt & Haar.

ENTERTAINED THEIR FRIENDS.

Mr. and Mrs. W. H. Shearin Gave Delightful Affair Yesterday.

According to a most delightful custom, which is peculiarly their own, Mr. and Mrs. W. H. Shearin, at their handsome new home at Castle Haynes, yesterday most hospitably entertained half a hundred or more of their friends from Wilmington and the county, the occasion having been one of real pleasure and a rare pleasure for all who were so fortunate as to be present. Mr. and Mrs. Shearin are just completing a very handsome new home near the station and the beautiful residence was thronged with the happy party, who voted their host and hostess most charming entertainers. Dinner was served under a magnificent live oak growing in the yard and the menu embraced every delicacy of the season and a fine barbecue which have made these annual occasions famous in the recollection of all who have attended one of them. Mrs. Shearin was assisted in serving the large number of guests by Mr. and Mrs. Samuel Blossom, Mrs. Jones, Mrs. Baldwin, and a number of other lady friends.

POLVOGT'S ANNUAL OPENING

Magnificent Showing of Fall and Winter Millinery at Popular Dry Goods Store Yesterday—All Lines.

"The Store that's Always Busy" did not have to resort to figurative language to keep well within the bounds of its motto yesterday.

It was the occasion of the annual Fall and Winter millinery opening at Polvogt's and "busy" was hardly the word to adequately convey an idea of the conditions that obtained in the store during the day, especially in the department of millinery. Mr. Polvogt said it was the most successful opening that he had ever had and he certainly knows and is not given to misrepresentations in his commercial relations.

The opening started with the opening of the doors of the handsome store across the street from the postoffice, the ladies all remember, and from morning until night femininity never reveled in a more beautiful or more magnificent display of the season's fads, fancies and fashions. The millinery department is located just where it was last season, up an easy flight of steps to the left in the rear, and it had been transformed into a veritable fairy and flowerland, artistic floral decorations blending perfectly and most harmoniously with the wealth of bright, new and fashionable ideas in millinery and millinery goods. Miss Daisy Champlin, who was head designer in the Polvogt millinery department last season, is again in charge this year and with Mr. Polvogt, Miss Lottie Haar and Miss Lizzie Grant, head saleslades, spent some time in the fashion centres of the North where they garnered a wealth of the prettiest and most exclusive which Fashion decreed will be the proper thing for this Fall and Winter.

The decorations this season consist of potted plants and cut flowers in most artistic and pleasing arrangement. A most pleasing impression was made upon the visitor at the outset, for as one entered either of the two large vestibules of the store, the eye was greeted with most attractive window displays to the right and to the left, these windows being the product of the genius of Mr. Allie L. Price, who has few equals and no superiors. The center window was devoted to millinery with a centre figure displaying a pink opera cape with black velvet hat with pink facing and willow plumes, also a display of French pattern hats. The side windows were given over to a display of coat suits and dresses with street hats and dress goods, silks and trimmings. The backgrounds of all the windows were panels of Fall scenery with satin draperies producing a most pleasing effect.

The millinery department, of course, came in for first inspection and naturally was the cynosure of all eyes. That the display this year is meritorious is attested by the fact that during the day an unusually large number of sales were made and many visitors, many of the most discriminating buyers of the city, took occasion to compliment Miss Champlin upon her exquisite taste in selection and the variety of styles offered. The trimmings used chiefly this year are ostrich feathers, willow plumes, gold lace and ornaments. The hats are simply sublime. For a layman to attempt any detailed description would be worse than futile. It is enough to say that those who did not have opportunity of seeing them yesterday, should do so today, as the opening will continue with many new styles, added and still others yet to come. Some of the hats are "The Patsy," "The New Yorker," "The Mary Garden," "The Watteau," "The Jacky Turbans," "The Coolie," and a great many others. Some of the leading colors this season are King's Blue, black and white, coronets browns and the particular shades of these in many blends. The shapes seem to run this season to the drooping brim, the mushroom effects and several others which are very pretty and effective. A visit to the department today will amply justify all and more than can be said in this limited space as to the wealth and beauty of the various styles.

But while the millinery claimed chief attention, other departments of this well-ordered store were just as attractive. The suit department in charge of Mrs. Mary Yopp and Miss Byrd was quite busy selling and trying new Fall suits, dresses and cloaks. The stock in this department is the largest ever carried by this store and that is saying much. A visit to the cloak and suit department is always first after the millinery.

Another department which invariably claims the attention of the housewife on these opening days is that devoted to carpets. Polvogt carries perhaps the largest stock of these goods in the State and the new Fall and Winter showing is superb, attracting attention not only in Wilmington, but throughout the State. Heavy contracts for carpets and draperies have recently been made for an auditorium as far west as Asheville and for a hotel also in this State.

It is worth the while of every worshipper at the shrine of fashion to visit Polvogt's and to go there today while the Fall and Winter opening is on in all its glory. The invitation is cordial and sincere.

TIDEWATER OFFICES MOVED.

Now in Handsome Home in Woolvin Building on Princess Street.

Last night the office force of the Tidewater Power Company, was very busy transferring the furniture and fixtures and all other paraphernalia of the company from the location on Front street to the handsome new Woolvin building, 217 to 221 Princess street, where the offices will be located for some years to come, the Tidewater having made a long lease with Mr. James F. Woolvin, the owner, for the first floor of the handsome structure. The officers and show rooms are being handsomely fitted up and will be second to no traction offices in the country. Patrons are asked to make mental note of the change and call at the Woolvin building in the future.

Fall and Winter Work Will Formally Begin With Men's Meeting at the Bijou Sunday Afternoon—Other Notes.

General Secretary J. B. Huntington announced yesterday that the Fall and Winter work of the Young Men's Christian Association would begin Sunday afternoon with a big men's meeting at the Bijou, on North Front street, when Rev. O. L. Powers, who is assisting in a revival at Brooklyn Baptist Church will be the speaker.

He will use as his theme, "The Sanctity of Marriage," and it is hoped that the meeting will be attended by as many men as can crowd within the four walls. It is the plan of the Religious Work Committee to have one or two strong preachers each month for the larger men's meetings and on the other Sunday afternoons hold a regular fellowship meeting in the association parlors

Monday, Oct. 3rd, all the Fall and Winter classes will open. The Bible Study Club meeting and fellowship supper will be held during the Winter as last season. Dev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian Church, is teacher of the Bible Study Club and Mr. Bowden will have charge of the David G. Worth Bible Class. Another section of gymnasium men will be organized for Bible Study at an early date. It is proposed to organize for meetings during the week a Junior Bible Class, a Boy's Bible Class and a Domitory Men's Club. The gymnasium classes open on Monday. There will be a sufficient number of different classes to meet every man's need. The schedule includes, Busy Men, Professional Men, Ministers, seniors, juniors, High School and boys' classes. The delay in the arrival of the 500-gallon storage tank has caused no little disappointment among the members of the organization. The tank, which will take the place of the 100-gallon tank now in use was ordered some time ago and should have been received and installed. The installation of the larger tank is necessary, for a larger attendance cannot be urged until then.

Sunday night the association will give an oyster roast and fish fry at Wrightsville Beach and it is hoped that a large portion of the membership will be in attendance. Rev. Thos. A. Smoot, pastor of Grace Methodist Church will make an address on "Association Work" at this time. The Tidwater Power Company has generously offered to provide the necessary surbuban cars to convey the party to the beach and return free of cost. Special cars conveying the party will leave Front and Princess streets at 7:45 o'clock Saturday evening. The return trip will be made late at night. Those who may be counted among those who expect to attend should send their names to the association today.

A meeting was held at the A. C. L. shops yesterday under the auspices of the association. Rev. O. L. Powers was the speaker and he made a fine address. Interest in the shop meetings is on the increase and there was a most gratifying attendance yesterday.

Mr. H. G. Bowden, associate general secretary, is spending a couple of days with his brother on Wrightsville Sound.

"HAZING" THE POLICE.

Molested By Cutter Jackies While Doing Night Duty on Wharf.

Policemen doing night duty on the wharf between Market and Princess on Water street, having recently made complaint that they are molested by jackies on the cutter, who throw missles at them, an inquiry was made yesterday by Chief of Police Williams, and Chairman Springer of the Police Commission.

Lieut. Covell, now in command of the Seminole, was unaware of the trouble until it was reported to him yesterday and an effort will be made to apprehend the guilty parties aboard the cutter. The jackies throw the missles from the cutter over the high fence, making it a rather dangerous locality for officers and pedestrians at night. The same trouble occurred several months ago and was at that time reported to Capt. Grisp, who was then in command, and a remedy applied.

—Mrs. Mary Gurganus was given hearing before Justice Bornemann yesterday morning on the charge of assault on Mrs. Mary E. Holland and also on a peace warrant sworn out by Mrs. Holland. For assault she was taxed with the costs and she gave $50 bond to keep the peace for two months.

PUBLIC DRINKING WATER.

Deep Well Shows Contamination and is Closed—The City Suppiy.

A recent analysis by the State chemist having shown a contamination of the water from the deep well at Sixth and Ann streets, the same was condemned Tuesday afternoon by the Health Department and the use of the water has been stopped by removing the handle from the pump until the trouble can be ascertained and the cause removed. Dr. Akerman, superintendent of health, stated yesterday that the contamination was probably due to some defect in the casing and that the matter would be investigated fully and the trouble corrected before the pump is allowed for use again. Analysis of water from the other deep wells are pronounced satisfactory.

In this connection it would seem wise to renew the warning given some time ago by Dr. Akerman that all water from the city mains should be boiled well before using for domestic purposes. A report of an analysis of the water from the city mains Sept. 23rd, while showing no colon baccili in 1 cc, does show its presence in 10 cc, and a medical expert is quoted in the statement that this is an index to sewage contamination and the water should be boiled and used very carefully for domestic purposes. Previous unsatisfactory analysis and the advice given by physicians that the water should be boiled before using has given strength very generally to an already strong impression on the part of the public that the Water and Sewerage Commission should either remove the point of its intake to a much higher location up the river, or try again the experiment of deep wells as a source of water supply. This sentiment is very generally expressed on the street and the people are jealous of no one thing more than they are with reference to their health.

CAROLINA YACHT CLUB.

Proposition to Keep Open All Winter Discussed Last Night.

The proposition to keep the Carolina Yacht Club house at Wrightsville Beach open all the winter, was discussed at length at a well attended meeting of the members of the club in the Court House last night, but no definite action was taken, it being decided to leave the matter to a vote of the entire membership by mail. Capt. E. A. Metts, the commodore, presided. There were present about 50 members of the club. Those present seemed to favor the idea of keeping open all the Winter; thought it would be a decidedly progressive step, but owing to the fact that it would naturally entail considerable expense it was thought best to submit the proposition to the entire club, which has a membership of about 300. The Governing Board was authorized to prepare the ballot and mail one to each member and if the majority of the members vote in the affirmative the club house will remain open throughout the Winter. Otherwise it will be closed within a short time.

Judgment in Favor of Defendant.

The hearing of the case of Mrs. M. J. Powers against D. N. Stanly, an action to recover $200 alleged to be due for a stock of goods, was concluded in Justice Bornemann's court yesterday morning. The trial was begun Tuesday afternoon, but after the examination of a portion of the witnesses adjournment was taken until yesterady. The case was gone into quite thoroughly, the hearing consuming all told about four hours. The judgment of the court was to the effect that instead of the defendant being indebted to the plaintiff the plaintiff was indebted to the defendant to the amount of $2.69. Walter P. Stacy, Esq., of the firm of Kenan & Stacy, represented the plaintiff, while A. J. Marshall, Esq., appeared for the defendant.

MADAM ELDON

The World's Greatest Clairvoyant Palmist

Know the Future and Prospects for 1910 by Consulting Madam Eldon

Remember that many thousands of people are under the effect of evil influences is proven by the news in the daily papers only too often, as we read the news it is pathetic to notice the results of these evil influences and the horrible effects they have on human lives; wives desert husbands; people steal and commit all manner of crime; business transactions that should be successful are failures; affectionate lovers separate; these and countless other tragedies that occur daily are the results of evil influences that hover around and haunt the minds of those who are unfortunately afflicted.

That there is a remedy for this trouble is one of the greatest blessings that can be obtaine in life. Those who are afflicted with evil influences cannot find relief in medicines or physicians' care. The body is not sick, so why treat the body for what ails the mind? For you are in a state of mental unrest and you worry all the time, for everything you undertake to do is a failure.

Madam Eldon
has removed the evil influences from thousands of men and women and shown them the way to health, happiness and success. What she has done for others, she can do for you.

PRETTY HOME WEDDING YESTERDAY AFTERNOON.

A marriage of much interest to many friends in this city and section was celebrated at 5 o'clock yesterday afternoon, when Miss Hattie B. Hewette, daughter of Mr. and Mrs. John W. Hewette, of this city, became the bride of Mr. Robt. H. Herring of Currie The event was celebrated at the home of the bride's parents, corner of Fifth and Church streets, and was attended by a number of relatives and intimate friends of the couple. Rev. K. D. Holmes, pastor of Fifth Street Methodist church, performed the impressive ceremony. The Hewette home was beautifully decorated for the event, the color scheme of pink and green being effectively carried out. Mr. and Mrs. Herring left at 6:30 o'clock for Currie, where they will reside. Mr. Herring is engaged in the lumber business at that place.

MRS. IDA HEWLETT BRIDE OF MR. BURRISS B. ROGERS.

At the home of the bride, at the southeast corner of Front and Church streets, at 8:30 o'clock last night, Mrs. Ida Hewlett and Mr. Burriss B. Rogers, a well known contractor were united in marriage, the beautiful and impressive ceremony being performed by Rev. K. D. Holmes, pastor of Fifth Street Methodist Church, in the presence of quite an assemblage of relatives and friends of the couple. The home was very prettily decorated for the happy event, Southern smilax, ferns and flowers being used. Mr. and Mrs. Rogers received the felicitations and best wishes of those present, after which dainty refreshments were served. The array of presents attested the popularity of the couple. For the present Mr. and Mrs. Rogers will reside at corner of Front and Church streets, but later they will move to Mr. Rogers' home at Carolina Place.

WHITE MAN KILLS NEGRO.

Tragedy in Blue Springs Township, Robeson County—Escape.

(Special Star Correspondence.)

Lumberton, N. C., Sept. 28.—Saturday afternoon Chas. Livingston, a white man residing in Blue Springs township, in the extreme upper end of the county, shot and killed John Thomas, colored, of the same locality. No report of the affair was made to the sheriff and he knew nothing of it until informed Monday evening while passing through Fayetteville on his way home from Raleigh, wheer he had been to carry a convict to the penitentiary.

Sheriff McNeill went to the scene of the killing yesterday and returned last night. The white man seems to have been on bad terms with the negro for some time, they having had a falling out a year ago over the division of a crop. Saturday Livingston was drunk and while armed with a gun and a pistol, met the negro on the road. It is said that as soon as the negro saw him coming, he ran into the woods, the white man shooting at him as he ran. After staying in hiding awhile the negro came out and went to a near-by store to purchase some groceries, not expecting to find the drunken man there. Livingston, however, was there, and as soon as the negro saw him, he again made a dash for safety, but this time the white man's aim was better and the negro caught the whole load of shot in the back of his head as he ran, death resulting in a few minutes. Livingston disappeared and has not yet been apprehended. He has the reputation of being a very good citizen when not drinking, but when under the influence of liquor is wild. He is about 4 years old, and has a wife and three children, the youngest being only a few days old.

WASHINGTON AFFAIRS.

Fine Tobacco Market There—Street and Sidewalks Paved.

(Special Star Correspondence.)

Washington, N. C., Sept. 28.—Washington's tobacco warehouse is proving a great success and greatly adding to the commercial interests of the city. This warehouse was organized about one month ago by a number of the city's prominent business men who, seeing that the fine tobaccos being raised in Beaufort county and adjoining counties, was being marketed away from home, organized a stock company and built one of the largest and most up-to-date warehouses in Eastern Carolina, and opened for business about the middle of August. Since the opening day the local warehouse has sold over a quarter of a million pounds. On last Friday the sales reached nearly 50,000 pounds, and the daily average sales are from 20,000 to 30,000 pounds at an average price of from $10.00 to $12.00 per 100 pounds.

The work of paving the streets and sidewalks of the city is now going on in full blast. The Barber Asphalt Company, of Philadelphia, have the contract and the streets are being made of macadam, treated with asphalt, with concrete curbing and gutters. The pavements are made of cement. Several months ago Washington voted a bond issue of $25,000 for street paving and this sum will provide several miles of paving in addition to the streets already paved. When completed the city will have some of the finest streets in this section of the State.

—Cora Murphy, colored, was given hearing in Justice Harriss' court yesterday on the charge of assault with deadly weapon on Rosa Moore, colored. The defendant was found guilty of simple assault and taxed with the costs.

—By deed filed for record yesterday B. G. Empie, Esq., commissioner, transfers to Marshall Shrier, for $850, two lots, one on south side of Princess 66 feet east of 12th street, 33x75 feet in size, and the other also on south side of Princess, 165 feet east of 12th, 33x75 feet in size.

—For the benefit of the building fund of Trinity Church the Junior League of that congregation will give an entertainment at the Boys' Brigade Armory Friday night. "The Little Soldier" will be presented and there will be several splendid musical numbers. Refreshments will be served. The admission will be only 10 cents for adults, while children will be admitted free.

MR H. B. SHOLAR DEAD.

Passed Away at His Home in Columbia, S. C., Yesterday.

Mr. H. B. Sholar, who resided in Wilmington until some years ago, died at his home in Columbia, S. C., at 10 o'clock yesterday morning of heart disease. A message announcing his death was received here yesterday morning and brought sadness to many friends and relatives in this city. He was 53 years old and is survived by his wife, two daughters and two sons, the children being Mrs. R. M. Jumper and Mrs. Sergeant and Messrs. Fred and Herbert Sholar, all of Columbia. A brother, Mr. Alex. Sholar, and a sister, Mrs. J. H. Williams, of this city, also survive. The bereaved have the sympathy of many friends. Mr. Sholar was a member of the Baptist Church, holding his membership in Columbia. The funeral will be held in that city today.

The Columbia Record of yesterday afternoon says:

"Mr. H. B. Sholar, for 31 years foreman of the blacksmithshop of the Southern Railway, died Wednesday morning at his home, 2021 Sumter street, after an illness of four months.

"The funeral arrangements will be announced later.

"Mr. Sholar was 54 years of age and had lived in Columbia since his connection with the Southern shops. He came here from Wilmington many years ago and since his residence in Columbia he took a great interest in the affairs of the city. He was a quiet energetic citizen and a good man who will be missed from the paths of his daily pursuits and by the family and friends.

"Surviving are two sons—Messrs. Fred H. Sholar, an operator in the local office of the Postal Telegraph Company, H. B. Sholar, of the Columbia branch of the Standard Oil Company, two daughters, Mrs. R. L. Jumper, and Mrs. J. A. Sargeant. A sister, Mrs. J. H. Williams, and a brother, Mr. A. N. Sholar, live at Wilmington."

FUNERAL OF MR. DIXON.

Remains of Late State Auditor Laid to Rest—Honors.

(Special Star Correspondence.)

Raleigh, N. C., Sept. 28.—The funeral of the late Hon. B. F. Dixon was conducted this afternoon at 3:30 o'clock from the State house and Edenton Street Methodist church, the ceremonies being deeply impressive and attended by a great throng of people sorrowfully paying the last tribute of respect to this distinguished citizen, soldier and statesman.

All the forenoon and until the remains were removed for the funeral ceremony, throngs of people passed through the corridors of the State House to view the remains lying in State in the rotunda. The scene was beautiful and impressive. The catafalque was directly under the dome. The casket was draped in United States and North Carolina flags and the well-worn and moth-eaten battle flag of the 14th North Carolina Regiment, Confederate Army, in which Major Dixon served so valiantly, coming out of the war with the rank of captain. On the casket there was also the Major's Masonic apron and laid over the whole there was his sword that he wielded in the battles of the Civil War and offered for service in the Spanish-American war. Around the walls of the rotunda and corridors were white and black mourning draperies and placed with striking taste were also lovely groups of palms, ferns and other appropriate plants. The floral decorations were also extremely beautiful and numerous. There were special military guards of honor from the Old Soldiers of the Soldiers' Home and from the local company of the North Carolina National Guard.

The pall-bearers were members of William C. Hill Lodge of Masons and the honorary pall-bearers were the Stae officers, including the judges of the Supreme Court, and also members of prominent private citizens who were close friends of the deceased.

CHURCH FEDERATION DAY.

Celebrated at Appalachian Exposition at Knoxville.

Knoxville, Tenn., Sept. 28.—Church Federation day is being celebrated at the Appalachian Exposition today. Bishop E. R. Hendrix, of Kansas City, of the Methodist Episcopal Church, South, delivered the chief address this morning. Others speaking during the day were Rev. Warren H. Wilson, of Philadelphia, and President W. L. Poteat, of Wake Forest, N. C. Local ministers also spoke. The religious conference was held in the exposition convention hall.

This also is Chicago day at the exposition, a large delegation of the Chicago association of commerce having come especially to attend the exercises.

Memphis day is included in the day's festivities, many being here from Memphis.

The conference of women's clubs of the South also was continued today.

DIED.

HILL.—At Goldsboro, N. C., September 28, 1910, JOHN HAMPDEN HILL, formerly of Wilmington.

ACADEMY

With its catchy, merry music, its dashing, pretty girls and its large and wholesome laughs, the well known musical comedy, "The Show Girl," comes to the Academy of Music tomorrow night. The attraction promises to be exceptionally popular, as special arrangements have been made whereby the highest priced seat will only be $1. The prices will run from 25 cents to $1, and seats will go on sale this morning at Plummer's.

"The Show Girl" is a big whirl of music and laughter, and it will be presented by an excellent company. The plot is a rich comedy one. In fact, it is almost a constant laugh from the rise to the fall of the curtain. The musical numbers are gems of spirit. They have a swing to them that is peculiar to "The Show Girl" alone and that has furnished many a street whistler material. The numbers are also most attractively presented, as the costumes are beautiful and the light effects fascinating. The principals of the company are all clever, while the chorus is strong and well trained.

Coming of Jeff. DeAngelis.

Easily one of the best attractions of the season—one of the best even to be seen on old Broadway—will be Jefferson DeAngelis, the noted comic opera star and his big company (original New York production in every way) which comes to the Academy Monday night, Oct. 3rd, seats going on sale Saturday morning.

Yesterday's Raleigh News and Observer pays Mr. DeAngelis and company the following glorious tribute:

"'The Beauty Spot', with Jefferson DeAngelis in the stellar role, at the Academy last night, made such a decided hit that it is a foregone conclusion whenever and in whatever Jefferson DeAngelis appears again before a Raleigh audience he will play to standing room only.

Three hours of delight were given the large audience by this remarkably good company. It is a play abounding with beautiful songs and the prettiest of the girls and plenty of them.

"Jefferson DeAngelis was a whole show in himself and to some ten or twelve encores did he respond with the most catchy, witty and laughable songs. Two of his songs, the 'Foolish Questions of the Day' and 'I Am Going Crazy', will live in Raleigh for some time to come.

"Miss Viola Gillette as the general's wife, was without a doubt one of the most beautiful women ever seen on the stage, and her singing was superb. Her grace and ease during her songs were magnificent.

"The rich voice of Mr. Geo. J. MacFarlane held the audience spellbound.

"Miss Martin, as the general's daughter, a pretty and winsome little thing, was applauded much as she sang her several sweet songs.

"The male quartette that accompanied the leading songs was exceptionally good.

"One of the sweetest songs of the play and by the beautiful little girl, Miss Van Tine, was most happily received.

"Chas. W. Myers, and his songs created laughter, especially 'He Loved Her Tender.'

"The staging, costumes and scenes were unsurpassable."

Severs Connection With Joyland.

Mr. Frank Peiffer the well known and popular motion picture theatre man, announces that he will shortly sever his connection with the "Joyland," of which he has been manager for some months, and will give his entire time to the Crystal Palace, which has been running for three weeks under his management. The shows at the Crystal have met with popular favor and will be even better when Mr. Peiffer gives his entire time to it. There will be a slight change in the policy of the Crystal; that is two reels of the best motion pictures will be shown at each performance and will be changed each day; this in addition to the high-calss vaudeville bill. A fine bill is being offered at the Crystal Palace this week and the program will be changed today.

Joyland Under New Management.

Beginning Saturday, October 1st, Joyland Theatre will be under the management of Mr. Ed Reilly, the well known illustrated song singer. Mr. Reilly promises the public that he will in the near future make many needed improvements in Joyland, and that it will be run as a thoroughly up-to-the-minute motion picture theatre. He wishes to notify the public that all tickets that have been sold in the past must be used before Saturday, as none but red tickets will be honored after that date.

A the Bijou Today.

An excellent Biograph subject, "The House with Closed Shutters," will feature the bill at the Bijou today. In this picture is clearly shown what a contemptibe type of human animal is the coward—absolutely devoid of all the elements that go to make up a man. Another picture that will be of interest is "Shortly at the Shore." It is a rattling good comedy from start to finish.

Scene From "The Beauty Spot."

FINE TRIBUTE TO MR. WALTERS.

To Receive Beautifully Engrossed Council Resolutions of Baltimore.

Yesterday's Baltimore Sun has the following of interest to Wilmington friends:

"A handsomely engrossed and framed set of the resolutions passed by both branches of the City Council September 19, thanking Mr. Henry Walters, in behalf of the citizens of Baltimore, for the specially equipped building at Wells and Marshall streets which he presented to the city to be used as a public bath and laundry, has been finished by Mr. C. H. Wailer, pen artist. It will be on exhibition at the H. W. Jackson Company's store, 20 West Lexington street today, and will later be presented to Mr. Walters by a committee selected by the Council.

"The resolutions have been engrossed on Bristol board, measuring 20 by 26 inches. At the top is a pen portrait of Mr. Walters, and at the bottom a drawing of the building, which is being erected. In the middle is the copy of the resolutions, lettered in script.

"The border is formed of gold leaf, and the figures represent rocks and shells. Beneath the resolutions appear the signatures of Mr. W. W. Cherry, president of the First Branch of the City Council; Mr. George N. Numsen, president of the Second Branch, the signatures of the committees of both branches and of the two chief clerks. The memorial will be presented to Mr. Walters next week."

SULU RULER GREETS TAFT.

Sultan and Monarch Chatted in Green Room of White House.

Washington, Sept. 28.—The Sultan of Sulu met his old friend "Gov." Taft in the green room of the White House this afternoon and he completely exhausted his English vocabulary in greeting him.

"How dye do. Glad to meet you" exclaimed the Sultan as he made his most profound bow to the President, who stepped forward and grasped the the monarch warmly by the hand.

For several minutes they talked over old times through an interpreter of course. The Sultan has high admiration for the President, having met him several times while Mr. Taft was Governor of the Phillippine. The Sultan was accompanied to the White House by his brother and his staff who are with him on his tour through this country. The party was introduced to the President by Col. Hugh L. Scott, who was once American governor of Sulu.

After leaving the White House the Sultan paid his respects to Major General Wood, chief of staff of the army. Earlier in the day he had visited the Washington monument.

A Speedy Cure for

Constipation, Biliousness, Dyspepsia, Indigestion, Liver Complaints, Tired Feeling, Bad Taste in the Mouth, Bad Complexion, Nervousness and all diseases of the Stomach, Liver and Bowels.

"Bloodine Liver Pills,"

act gently, yet thoroughly upon the bowels, liver, stomach and digestive organs. The pills, in old and chronic cases of constipation and indigestion, act at once, without griping, nor do they leave any unpleasant after-effects, nor form a constant habit of purging, produced by other cathartic remedies.

"Bloodine Liver Pills"

restore the deranged and torpid liver to its normal condition and healthful action. Remove and prevent constipation by securing a natural and regular operation of the bowels, and relieve those unpleasant symptoms which attend a diseased or morbid condition of the liver, stomach and bowels. To assist in attaining this end, the following suggestions are offered.

REMARKS. Everyone who uses pills for their action on the liver, should know that large doses rarely prove as satisfactory as small ones. Large doses simply purge and pass out of the system, usually leaving the bowels constipated, and seldom removing the cause of the trouble, or improve the general health. On the other hand, small doses develop the alterative effect of the medicine, do not irritate or constipate the bowels, but gently stimulate the liver and prevent the accumulation of bile by directing its flow into the proper channels. Therefore it is advisable to commence by taking not over one or two pills at bedtime and increase dose as necessary.

PORTLAND, ME.

GENTS:—I find your "Bloodine Liver Pills" the most effective pill I ever used. They cause no griping or constipative after effect as most liver pills do.

Yours truly,
MRS. AMADA RICHARDSON.

ARGUED WINNER CASE.

L. Clayton Grant, Esq., Returns to City From Raleigh.

L. Clayton, Grant, Esq., has returned to the city from Raleigh, where on Tuesday he argued before the Supreme Court the appeal of M. L. Winner, who was convicted in the Superior Court of the charge of selling whiskey and sentenced to six months on the county roads. While the opinion in the case will not be handed down until some time next week, it is not likely that a new trial will be granted. The attitude of the members of the court was not such as to encourage one in the belief that the lower court would not be sustained. Should the higher tribunal affirm the decision of the lower court Mr. Grant will petition the Governor for a pardon and he will doubtless secure a large number of signatures to the document, as even some of the strongest prohibitionists are not in favor of one man shouldering the entire responsibility for all the whiskey alleged to have been sold in Wilmington since the prohibition law went into effect.

MEETING OF BOYS' BRIGADE.

Will be Addressed Sunday Afternoon by Rev. Dr. J. M. Wells.

The first men's meeting of the season at the Boys' Brigade Armory, corner Second and Church streets, will be held Sunday afternoon at 5 o'clock. The speaker will be Rev. Dr. J. M. Wells, pastor of the First Presbyterian church, who is chaplain of the organization. The Religious Work Committee which has charge of the men's meetings, has arranged an attractive musical programme, including selections from the Brigade Orchestra and the male quartette. Messrs, W. R. Dosher, A. L. Dosher, Chas. Dushan and R. Glenn Pate compose the quartette. All the men of the city are cordially invited to attend the meeting.

FINE SHOWING OF MILLINERY.

Fall Opening Yesterday at Taylor's Ladies' Hatter Success.

The Fall millinery opening yesterday at Taylor's Ladies' Hatter, No. 114 Market street, was successful in every respect and many were the shoppers who visited the popular establishment during the day. The very latest in millinery is to be found here and there is a varied stock from which to make selections. The beautiful variety of hats were most attractively displayed and greatly admired by all the shoppers, many of whom made purchases. The opening will continue through today and the management will appreciate a call from the shoppers.

RESERVE TO AUTOMOBILES.

Middle of Roads is Recommendation at Good Roads Meeting.

St. Louis, Sept. 28.—Charles Ross, street commissioner of Newton Mass., today recommended to the National Good Roads Association's convention that the middle of roads should be reserved to automobiles. He suggested that the sides of roads should be reserved for other vehicles. The scheme caused an animated discussion.

Adam Bassett, of Boston, urged that good road advocates go into politics to obtain better highways throughout the country.

WEAK, SICK PALEFACES

Will Be Interested in This Sugestion From the Pen of A South Carolina Lady.

Gramling, S. C.—"I was so weak," writes Mrs. Lula Walden, of this place, "when I began taking Cardui, that it tired me to walk just a little. Now, I do all the sewing, cooking, washing and general housework, for my family of nine, and have not been in bed a day.

I was almost a skeleton, but now I weight 160 pounds, and am still gaining. I think Cardui the greatest remedy for women on earth."

You ladies, who have pale faces, sallow complexions, and tired, worn-out expressions, need a tonic.

The tonic you need is Cardui, the woman's tonic.

Cardui is the ideal tonic for women, because its ingredients are specifically adapted for women's needs. They help to give needed strength and vitality to the worn-out womanly frame.

Being a vegetable medicine, containing no minerals or habit-forming drugs of any kind, Cardui acts in a natural way, and is perfectly harmless and safe for young and old.

In the past 50 years, over a million ladies have been benefitted by this standard woman's remedy. Why not you?

Please try Cardui.

Danderine

Grows Hair and we can PROVE IT!

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes in substance, as follows:
"When I began using Danderine my hair would not come to my shoulders and now it is away below my hips."

Another from Newark, N. J.
"I have been using Danderine regularly. When I first started to use it I had very little hair, now I have the most beautiful long and thick hair anyone would want to have."

NOW at all druggists in three sizes 25c, 50c and $1.00 per bottle

Danderine enjoys a greater sale than any other one preparation regardless of kind or brand, and it has a much greater sale than all of the other hair preparations in the world combined.

Cut This Out **FREE** To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the KNOWLTON DANDERINE CO., CHICAGO, ILL., with their name and address and 10c in silver or stamps to pay postage.

ACTIVITY IN COTTON MARKET

Reached New High Records for Season Yesterday—Lost Part of Gain in Late Trading—The Close Was Steady.

New York, Sept. 27.—There was a very active business in the cotton market today, but after making new high records for the movement prices lost part of the gain during the last hour under heavy realizing and unfavorable Lancashire advices, the close being steady at a net gain of 1 to 19 points. Near positions were relatively quiet and easy, as most of the fresh business is going into later months.

The market opened firm with September unchanged and other months 4 to 11 points higher on better cables than expected, further unfavorable new crop advices, and a renewal of yesterday's buying movement. Realizing was very heavy from the start, but made little impression owing to a constantly broadening volume of outside buying, Wall Street support, and the continued demand from Western sources. Near months received comparatively little support and failed to fully follow the advance in the later positions, but it was not until the Winter and Spring months were 27 to 28 points net higher that selling became heavy enough to cause any reaction of consequence. Even then offerings were very well absorbed until reports reached the trade from Liverpool that a lock-out would be declared in Lancashire on Saturday, which would close 700 mills and throw at least 150,000 men out of employment.

The trade had been partially prepared for some such announcement and there is still some inclination to believe that a settlement may be reached between now and Friday night, but the circulation of the report encouraged operations for a reaction, and promoted realizing to an extent which caused a set-back of 12 or 15 points from the top. Reports that a West Indian storm was heading for the gulf probably stimulated buying during the earlier trading, and there was also some talk of a possible cold wave from the Northwest, although it is still overearly to expect frost in the belt. Increasingly bullish views as to the size of the crop appeared the main factor in the day's advance. Southern spot markets were generally 1-8c higher.

Receipts at the ports today 55,714 bales against 35 188 last week and 58,133 last year; for the week 325,000 bales against 241,946 last week and 380,881 last year. Today's receipts at New Orleans 3,424 bales against 9,768 last year, and at Houston 15,203 bales against 15,367 last year.

Spot cotton closed steady, 15 points higher; middling uplands 13.75; middling gulf 14.0; sales 1,900 bales. Futures opened firm and closed steady.

THE DEMAND FOR COTTON.

From Western and Wall Street Houses Absorbed Profits of Buyers.

(Special Star Telegram.)

New York, Sept. 28.—The demand from Western and Wall street houses absorbed the profit taking of the buyers of last week in a broad market. This buying caried prices up to 13 3-4 cents for January or 90 points from the lower point early in the month. A press dispatch that the masters in Lancashire had decided to lockout the the operatives in 700 mills on Oct. 1st was at this market printed and brought such a volume of realizing orders that the market broke closing steady at two to three points better than the opening.

Market conditions are entirely changed from three weeks ago, with a large outside long interest facing an increasing movement, unless frost, such a condition with the South, a ready seller of spots, may bring about sharp reaction regardless of the ultimate yield of the crop.

MONEY MARKET THE FEATURE

Responded to Strain of Preparations For Coming October Settlements —Better Tone of Bond Market —Conditions.

New York, Sept. 28.—The world's money markets responded again today to the strain of preparations for the coming October settlements. The private discount rate was higher in London, Berlin and Paris and the resulting demand for remittance from New York caused a responsive advance in the foreign exchange rate here.

The call money rate in New York was held at 2 1-4 per cent. and above, marking the highest rate since the last week in July. The coming disbursement of 10,000,000 in New York for dividends and interest necessitated some preparation by shifting of accounts and this is expected to be of only temporary effect, to be followed by the return of the sums disbursed either by deposit or by investment purchases.

The better tone of the recent market is ascribed to investment demand partly on that account. Besides this market, it is evident that interior demand for crop moving purposes is not yet filled. The details of the National bank returns to the comptroller for September 1st make it evident that requirements for crop moving must be met by the central reserve banks, the country banks being loaned up to near the limit of available resources.

The restraint on the speculation exercised by the stiffening of the money market was emphasized by the check to the movement in Reading. That stock still absorbed a large proportion of the aggregate dealings in the market and was freely supplied in realization of profits one cent advance. The failure of confirmation of reports which helped the advance left the stock vulnerable to the effect of the realizing. Its range was narrow, but the whole list moved in close sympathy with it. The belief that a substantial absorption of bonds by investors especially by institutions, had been accomplished in the recent past had an encouraging effect on financial sentiment.

Bonds were irregular. Total sales par value $2,460,000. United States bonds were unchanged in the bid price on call.

Total sales for the day 308,000 shares including Sugar 100; Tobacco 100; C. & O. 18, 100; L. & N. 100; N. & W. 100; Reading 107,000; Sloss-Sheffield 100; Southern Railway 400; Southern Railway preferred 200; Union Pacific 42,100; U. S. Steel 36,800; V. C. C. 800.

THE GRAIN MARKET.

Chicago, Sept. 28.—Short sellers of wheat over-reached themselves today. Offerings turned out to be too free, although news was decidedly bearish, foreign conditions in particular. The result was that purchases to cover sales pushed prices up and the close was at a net advance of 1-4 to 1-4 to 3-8c. Final quotations of corn were a shade to 1-8 to 1-4c down; oats unchanged to a sixteenth off, and provisions the same as last night to 30c below.

Cash close: Wheat No. 2 red 97 3-8; No. 3 do 95 to 97 1-2; No. 2 hard 97 1-2 to 100; No. 3 do 95 to 97; No. 1 northern 110 to 113; No. 2 do 108 to 112; No. 3 do 107 to 111; No. 2 spring 108 to 108; No. 3 do 97 to 108; velvet chaff 90 to 102; durum 84 to 93.

DEMOCRATS AWAIT CONVENTION TODAY

(Continued From Page One.)

Murphy was not accessible today. He sent out Mr. Cohalan to talk for him.

"Will the candidate be from up the State or from the greater City?" Mr. Cohalan was asked.

"I think he will," answered Cohalan quickly.

"You will ask me who will be the candidate," he continued. "That's a question of the old distinction between can and may."

"Has Murphy made up his mind?"

"Mr. Murphy has an absolutely open mind?"

"Then he does not see yet where he is going to get off?"

"He does not."

John B. Stanchfield, former Judge Alton B. Parker, who will be temporary chairman of the convention, and James C. Sheehan were among other important arrivals today.

One important development in the late afternoon that could not be estimated in its ultimate possibilities was positive affirmation from both sides that negotiations are on foot between William Randolph Hearst and Leader Murphy. That is, it was said, Hearst had intimated that he was willing to support for Governor either Justice Girard of the State Supreme Court, or Martin H. Glynn, former State comptroller.

Many members of the New York League of Democratic Clubs after listening to address s by Representative Sulzer and Thomas M. Osborne today unanimously adopted a resolution calling for "an open and free convention; the nomination of clean and honest men and a tried and true Democrat who will stand for progressive Democracy and demand equal rights for all and special privileges to none; a candidate who will unite the elements of the Democratic party and command the support of the independent Republicans of the State."

Resolutions endorsing Congressman Sulzer for Governor were adopted by a rising vote.

KILLS WIFE AND SELF.

Had Been Separated a Year—Details of Tragedy.

Baltimore, Md., Sept. 28.—William Hendricks, of this city, today shot and killed his wife at the home of Mrs. William B. Groves, 1017 Riverside avenue, and then committed suicide with the same weapon. Hendrics had been separated from his wife about a year and she had been living with her sister, Mrs. John Lentz, at No. 554 23rd street, Newport News, Va. Mrs. Hendricks was 33 years old. Hendricks learned that she was in the city and today paid her a visit which resulted in the double crime.

THE SOUTHERN NATIONAL BANK

STIMSON NOMINEE AT SARATOGA, N. Y.

(Continued From Page One.)

R. Hearst since he came to Saratoga and that he and Mr. Hearst had formed an alliance for the coming campaign, Col. Roosevelt issued this statement:

"I have not communicated with Mr. Hearst or anyone else outside the convention and the candidates we have considered here today have been discussed purely upon their own merits and without reference to Mr. Hearst or anyone else."

An analysis of the vote for governor gives Stimson 684, Bennet 242 Mayor McEwan, of Albany, 28, State Treasurer Dunn 38, scattering and not voting 23. Total 1,015.

Edward Schoeneck, Mayor of Syracuse, the nominee for lieutenant governor, was born in that city on August 6, 1875. He is a graduate of Syracuse University, College of Law and is a member of the law firm of Bond & Schoeneck in his home city. He is a member of the Onondaga county bar. Mr. Schoeneck was a member of the Assembly from Onondaga from 1904 to 1907.

The Platform.

The platform adopted today in part is as follows:

"We declare relentless warfare upon official and legislative wrong-doing in this State.

"Dishonesty in public service is next to treason, the most flagrant of crimes. The crook and grafter and unfaithful man in public service shall be put out and kept out.

"We enthusiastically endorse the progressive and statesmanlike leadership of William Howard Taft and declare our pride in the achievements of his first 18 months as President of the United States.

"The Payne tariff law reduced the average rate of all duties 11 per cent.

"By increasing the duties on some luxuries and articles not of ordinary use, making, however, no increase on any common food product, it turned a National deficit into a surplus.

"To avoid disturbance of business we urge the adoption by the Congress of a joint rule of the two houses recommended by the President and leaders in Congress, by which the two houses could consider a single schedule or a single paragraph of the tariff without the necessity for amendment which lead to a general revision.

"The Congress has responded to recommendations of the President by enacting measures of far reaching importance to the people.

"We congratulate the people on the notable progress of the State under the four years' administration of Gov. Hughes, which has been conspicuous for the highest standard of efficiency.

"He has appealed to the conscience and intelligence of the people and championed legislation demanded by the moral sense of the community.

"The record of Republican legislation during the past 18 years conserving the public interest by improving the condition of labor, is unequalled in our history.

"We are proud of the record that New York has been the first American State to provide by law for the compulsory compensation of employes sustaining personal injury while following extra hazardous occupations and also to legalize voluntary agreements as to compensation between employers and employes in all other occupations.

"We believe that capital, honestly employed, should be permitted to feel that sense of security essential to stimulate its legitimate investment and thus safeguard the prosperity which has been so well established under Republican administration.

"We believe that the encouragement of agriculture and the betterment of country life are vital to the future of the State.

"We believe that the same safeguards should surround primary elections as have been shown to be effective in preventing repeating and frauds at general elections. We therefore favor extending the signature law as now applied to general elections, to primary elections.

"To Governor Hughes is due the credit of arousing the interest of the people and convincing them of the need of directly electing their party officers and directly nominating their party candidates. We promise legislation which will enact these principles into law."

Stinson's Career.

New York Sept. 28.—Henry Lewis Stimson first came prominently into the public eye as United States district attorney for the Southern district of New York a post to which he was appointed by Theodore Roosevelt in January 1906.

In his three years and two months in office Mr. Stimson prosecuted the so-called sugar trust and the New York Central Railroad for rebating and secured the imposition of fines aggregating nearly $400,000.

The proceeding to compel the late Edward H. Harriman to answer questions put to him by the Interstate Commerce Commission was also won by Mr. Stimson and his next court victory was against the American Sugar Refining Company for fraud in weighing imported sugar. This case resulted in the government recovering and more than $2,000,000 in duties from the trust.

Mr. Stimson is 43 years old, having been born in New York City, September 21, 1867. He graduated from Yale in 1888, then studied law at Harvard, and in 1890 began the practice of law in New York City. He is married and is a member of a number of clubs.

President Taft Pleased.

Washington, Sept. 28.—President Taft, upon learning tonight of the nomination of Henry L. Stimson, by the New York Republican State Convention for Governor of New York, sent the following telegram of congratulations to Mr. Stimson:

"It gives me the greatest pleasure to hear that you have been chosen as the Republican candidate for Governor of New York. I sincerely hope and believe that you will be elected. You certainly will be elected if the people of New York wish to have their next Governor a citizen of the utmost civic and disinterested patriotism; lawyer of eminent ability and a man of the highest character."

Barnes Supports Nominee.

Saratoga, N. Y., Sept. 28.—William Barnes, Jr., of Albany, who led the fight of the old guard against Col. Roosevelt, said tonight.

"The ticket is nominated and I am for the ticket. That is axiomatic. It is the party government. I shall support the nominees of the convention and hope for the best. I expect that harmony will prevail in the party."

CAROLINA ICE MACHINE CO.

Receiver is Asked, Plan is to Seek a Reorganization of Affairs.

Charlotte, N. C., Sept. 28.—Before Judge Long, in Superior Court today, creditors of the Carolina Ice Machine Co., filed a petition asking that the corporation be placed in the hands of a receiver. In the answer to the petition the compalinants, it was admitted that the company is insolvent and a joint petition for a receiver was prayed by the attorneys for both the company and creditors. Judge Long stated that he would later name the receiver as requested, the name of W. S. O'B. Robinson, Jr., of the local bar, being mentioned.

The Carolina Ice Machine Company, with home offices in Charlotte, was organized about two and a half years ago with an authorized capital stock of $200,000. Of this amount over $100,000 had been subscribed and paid in in stock. The management did an enormous business after putting solicitors throughout the State and surrounding sections. The orders which were received in surprising quantities were filled immediately, but the machines were not perfected and were not satisfactory. Instead of testing the machines before they were shipped, the orders were filled as soon as the machinery parts were completed. Trouble naturally arose and many thousands of dollars were spent in trying to place the sold machines in good condition. Payments on the purchased articles were not made as they were not operating satisfactorily and for months the company has been in a bad way.

Mr. J. J. Vann through Messrs. E. R. Preston and Neil Graham, attorneys, instituted suit several weeks ago for $4,000 for which sum he claimed the company was indebted to him. The company instituted a counter suit against Mr. Vann for $2,500, alleging that they were not only not due him the $4,000, but that the plaintiff in the first case owed them money.

Then Mr. E. C. Tesh, an employe of the Carolina Ice Machine Company, instituted suit through Messrs. W. C. Maxwell and J. W. Keerans for $330 or less. It was in his complaint that he alleged that the company was insolvent and in the answer of the company that fact was admitted and a receiver petitioned.

Maxwell & Keerans, one of the best known law firms in the city, are said to represent at least 75 per cent. of the creditors of the ice machine company. The financial status of the company is bad, but there are many stockholders who still believe in the ultimate success of the patents and many of them will be found willing to again subscribe stock in the now defunct company, when a new organization has been formed.

One of the directors of the Carolina Ice Machine Company this morning stated that it is his firm belief that the patents of the company are very valuable and that a good business proposition will arise from the ashes of the stricken concern.

"If the present stockholders wish to join hands and form a company to buy in the stock, putting up a little more money, I believe the patents of the Carolina Ice Machine Company will make good, and that all will be repaid. I do not believe that the old company could have ever gotten on its feet again—the odds were too great However, there are possibilities and good ones and I for one am again willing to put money into a new organization of the Carolina Ice Machine Company," said a large stockholder this morning.

The announcement that a receiver has been applied for by the directors will not come as a great surprise to the community at large. The stockholders have realized for many months that business affairs have been in a most unsatisfactory way. The report has been circulated several times, that the Carolina Ice Machine Company had gone to the wall and on the part of the directors there has been nothing but frankness in the statements given to those inquiring into the conditions of things.

THE CAR REPAIR FRAUDS.

Ostermann Principal Witness in Chicago—Others in Frauds.

Chicago Sept. 28.—Henry C. Ostermann, formerly president of the Ostermann Manufacturing Company, who is said to have been a big factor in the Illinois Central Railroad alleged car repair frauds, told of the inside working of his concern before Municipal Judge Bruggenmeyer today.

Ostermann was called as a witness for the prosecution in the trial for conspiracy of Frank B Harriman, Charles L. Ewing and John M. Taylor, formerly Illinois Central officers, who are charged with participating in extensive car repair swindles.

Ira G. Rawn, formerly president of the Monon Railroad, who was shot to death in his home in Winnetka, Ills., last July, was named by Ostemann as one of the chief figures in the alleged grafting.

Ostermann declared that Rawn first received 1,500 shares of stock in the Ostermann company and later 1,200 more shares. After Rawn had sold back his holdings of stock in the car repair company, for $13,500, the witness testified, Rawn demanded and got first $5 and $10, and finally $15 for each car repairer.

Ostermann testified that he paid $40,500 to Rawn for 700 cars on which the concern had collected bills for repairs.

"What Illinois Central officers held stock in your company?" Ostermann was asked by Attorney Fisher.

"Ira G. Rawn had 2,700 shares, Frank Harriman had 2,200 shares, John M. Taylor had first 1,000 and then 5,000 shares, Joseph E. Buker had 2,200 shares, William Renshaw had 1,600 shares and W. J. Taylor had 900 shares. S. P. and Mildred Harrimann had 100 shares each, but I do not know who they are, or whether they were connection with the Illinois Central Company. Their stock was bought and paid for by Frank B. Harrimann."

"What officers of the railroad company received monthly payments from your concern and in what amount?" Ostermann was asked.

"Frank B. Harriman received $1,000 monthly, Joseph E. Buker also got $1,000 monthly. William Renshaw was paid $500 monthly; W. J. Leahy, $100; H. M. Dunlap, $100; R. G. Ranson, $25; John Waters, $25; Matthew Morgan $25; F. A. Jones got $100 on at least one occasion that I know of personally."

Ostermann said that Illinois Central officers paid $1 a share for the same stock that other investors paid $5 a share for. The witness then said that the Illinois Central officials named sold back their stock at $5 a share.

A Broadway Tailor
Ready to Measure You for a
Fall Suit
When you step into this store to order a suit or an overcoat, it is as though you had walked into a real exclusive custom tailor shop on Broadway, New York. For the Broadway atmosphere is here; the latest Broadway woolens are here; the most exclusive and authentic New York fashion plates are on display. And the actual building of your suit or overcoat will be done by a Broadway tailor—a real metropolitan craftsman in the tailoring studies of one of New York's best celebrated tailors. If a Broadway tailor shop had been bodily transplanted to this store it could not offer a richer, handsomer, snappier display of exclusive Fall Woolens than these famous Tailors have sent us.
Our expert measure taker will take your measure, and we guarantee a fit and satisfaction in every case.
Prices for Suits or Overcoats, made to order.....$18 to $45
